array of writings on the author's feelings about love, social issues and histories. The author shares her intimate thoughts alongside old, new and developing beliefs and theories about the society she lives in and the world we are all apart of. While the author does not hold all these ideas as true anymore, she wanted to map out and explore how growth is a creative process that does not mean we are becoming someone different, rather that we are learning more about the essence we were always meant to grow into. In this book, she uses various types of written form to understand her own identity as it relates to her own stories and her expanding understanding of the world. This anthology combines identity and interpretation in a way that helps us discover the stories in Adisa Farrar's mind. The free-flowing nature of the book allows each piece to be new and of its own, but add to a larger story of the world as seen through the eyes of a young adult whose passion is endless and boundless.

Romance Fiction Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and outlines the best-selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and librarians who advise them to keep pace with new titles, emerging authors and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as for library staff, scholars and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre*, published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have.

Warfare and Poetry in the Middle East Hugh Kennedy, 2013-10-03 Part of the rich legacy of the Middle East is a poetic record stretching back five millennia. This unparalleled repository of knowledge across different languages, cultures and religions allows us to examine continuity and change in human expression from the beginnings of writing to the present day. In *Warfare and Poetry in the Middle East*, leading scholars draw upon this legacy to explore the ways in which poets from the third millennium BC to the present day have responded to effects of war. The contributors deal with material in a wide variety of languages, including Sumerian, Hittite, Akkadian, biblical and modern Hebrew, and classical and contemporary Arabic, and range from the Sumerian lament on the destruction of Ur and the Assyrian conquest of Jerusalem to the *al-Ramyyat* of the poet and warrior prince Abi Fir's al-Andalusi in the popular Arabic epics and romances that form the *siyar* to the contemporary poetry of Hamas and Hezbollah. Some of the poems are heroic in tone, celebrating victory and the prowess of warriors and soldiers; others reflect keenly on the pity and destruction of warfare, on the grief and suffering that war causes. The result is a work that provides a unique reflection upon the ways in which this most violent and pervasive of human activities has been reflected in different cultures. The history of war begins in the Middle East: the earliest reported conflict in human history was fought between the

neighbouring city states of Lagash and Umma in ancient Iraq At a time when the Middle East seems to be permanently at war and wracked by violence it is salutary to look back at the ancient roots of modern attitudes and to see that in the past as in the present these attitudes are much more varied and the emotions more subtle than often realised Studies on the Spanish Sentimental Romance, 1440-1550 Joseph J. Gwara, E. Michael Gerli, 1997 The genre of sentimental romance re examined and redefined **New Approaches to Popular Romance Fiction** Sarah S.G. Frantz, Eric Murphy Selinger, 2014-01-10 Despite the prejudices of critics popular romance fiction remains a complex dynamic genre It consistently maintains the largest market share in the American publishing industry even as it welcomes new subgenres like queer and BDSM romance Digital publishing originated in erotic romance and savvy online communities have exploded myths about the genre s readership Romance scholarship now reflects this diversity transformed by interdisciplinary scrutiny new critical approaches and an unprecedented international dialogue between authors scholars and fans These eighteen essays investigate individual romance novels authors and websites rethink the genre s history and explore its interplay of convention and originality By offering new twists in enduring debates this collection inspires further inquiry into the emerging field of popular romance studies *Historic Tales, The Romance of Reality: American, Spanish American, English, German, French, Spanish, Russian, Scandinavian, Greek, Roman, Japanese and Chinese, King Arthur (Complete)* Charles Morris, The year 1000 A D was one of strange history Its advent threw the people of Europe into a state of mortal terror Ten centuries had passed since the birth of Christ The world was about to come to an end Such was the general belief How it was to reach its end whether by fire water or some other agent of ruin the prophets of disaster did not say nor did people trouble themselves to learn Destruction was coming upon them that was enough to know how to provide against it was the one thing to be considered Some hastened to the churches others to the taverns Here prayers went up there wine went down The petitions of the pious were matched by the ribaldry of the profligate Some made their wills others wasted their wealth in revelry eager to get all the pleasure out of life that remained for them Many freely gave away their property hoping by ridding themselves of the goods of this earth to establish a claim to the goods of Heaven with little regard to the fate of those whom they loaded with their discarded wealth It was an era of ignorance and superstition Christendom went insane over an idea When the year ended and the world rolled on none the worse for conflagration or deluge green with the spring leafage and ripe with the works of man dismay gave way to hope mirth took the place of prayer man regained their flown wits and those who had so recklessly given away their wealth bethought themselves of taking legal measures for its recovery Such was one of the events that made that year memorable There was another of a highly different character Instead of a world being lost a world was found The Old World not only remained unharmed but a New World was added to it a world beyond the seas for this was the year in which the foot of the European was first set upon the shores of the trans Atlantic continent It is the story of this first discovery of America that we have now to tell In the autumn of the year 1000 in a region far away

from fear haunted Europe a scene was being enacted of a very different character from that just described Over the waters of unknown seas a small strange craft boldly made its way manned by a crew of the hardiest and most vigorous men driven by a single square sail whose coarse woollen texture bellied deeply before the fierce ocean winds which seemed at times as if they would drive that deckless vessel bodily beneath the waves This crew was of men to whom fear was almost unknown the stalwart Vikings of the North whose oar and sail driven barks now set out from the coasts of Norway and Denmark to ravage the shores of southern Europe now turned their prows boldly to the west in search of unknown lands afar Shall we describe this craft It was a tiny one in which to venture upon an untravelled ocean in search of an unknown continent a vessel shaped somewhat like a strung bow scarcely fifty feet in length low amidships and curving upwards to high peaks at stem and stern both of which converged to sharp edges It resembled an enormous canoe rather than aught else to which we can compare it On the stem was a carved and gilt dragon the figurehead of the ship which glittered in the bright rays of the sun Along the bulwarks of the ship fore and aft hung rows of large painted wooden shields which gave an Argus eyed aspect to the craft Between them was a double row of thole pins for the great oars which now lay at rest in the bottom of the boat but by which in calm weather this walker of the seas could be forced swiftly through the yielding element

The Parterre of Poetry and Historical Romance, 1835 **Coasting in the Countertransference** Irwin Hirsch, 2011-02-25 Winner of the 2009

Goethe Award for Psychoanalytic Scholarship Irwin Hirsch author of *Coasting in the Countertransference* asserts that countertransference experience always has the potential to be used productively to benefit patients However he also observes that it is not unusual for analysts to coast in their countertransferences and to not use this experience to help treatment progress toward reaching patients and analysts stated analytic goals He believes that it is quite common that analysts who have some conscious awareness of a problematic aspect of countertransference participation or of a mutual enactment nevertheless do nothing to change that participation and to use their awareness to move the therapy forward Instead analysts may prefer to maintain what has developed into perhaps a mutually comfortable equilibrium in the treatment possibly rationalizing that the patient is not yet ready to deal with any potential disruption that a more active use of countertransference might precipitate This coasting is emblematic of what Hirsch believes to be an ever present and rarely addressed conflict between analysts self interest and pursuit of comfortable equilibrium and what may be ideal for patients achievement of analytic aims The acknowledgment of the power of analysts self interest further highlights the contemporary view of a truly two person psychology conception of psychoanalytic praxis Analysts embrace of their selfish pursuit of comfortable equilibrium reflects both an acknowledgment of the analyst as a flawed other and a potential willingness to abandon elements of self interest for the greater good of the therapeutic project
