MOVIE *Night*

A vibrant movie night poster. The background is a deep red with vertical pleats, resembling a theater curtain. In the center, a large, overflowing bucket of red and white striped popcorn sits on a dark surface. To the right of the popcorn is a black clapperboard with white diagonal stripes. In front of the popcorn is a large, silver film reel. To the left of the popcorn is a pair of blue 3D glasses. Below the glasses are two yellow movie tickets with the words 'CINEMA TICKET' visible. Scattered around the popcorn and glasses are several pieces of popcorn. At the top, the word 'MOVIE' is in large, bold, gold letters, and 'Night' is in a white, elegant script font. A film reel is positioned between the two words. At the bottom, a black banner contains the event details in white text. The overall theme is classic cinema.

Spin Brendan Bruce,2013-06-29 This book was written to try and answer the question where and when did political spin originate It deals with the techniques of news management developed and used in those advanced democracies who have laws to protect a free press such as the United States of America and to a lesser extent its first cousin several times removed the United Kingdom of Great Britain governmental toleration of free speech progressive legislation to widen the franchise vigorous growth in political parties pluralism and its consequence the peaceful coexistence of different interests convictions and lifestyles a healthy adherence to Burkean little platoons of volunteers and most of all sophisticated developments in mass

media technologies and consumer marketing techniques all of which means that the Anglo Saxon cousins are and have always been in the vanguard of news management Government and media have been at war from the very beginning Au fond this is a struggle for allegiance The media want the allegiance of their readers and viewers because this brings them the profits they need to remain in business As Patrick Le Lay then CEO of the main French private channel TF1 put it There are many ways to speak about TV but in a business perspective let s be realistic TF1 s job is to help Coca Cola sell its product What we sell to Coca Cola is available human brain time Government on the other hand wants the allegiance of the voter to acquire or retain power The famous Victorian editor of The Times Thomas Barnes once said that the newspaper is not an organ through which Government can influence people but through which people can influence the Government Politicians would reverse the dictum And therein lies the causus belli The politician s strategy for winning this war was stated most succinctly by that arch media manipulator David Lloyd George what you can t square you squash and what you can t squash you square The media for their part are determined to be neither squashed nor squared From 1800 in the US and 1832 in Britain when Germany and Italy were just a glint in the eye of some petty princes and France was recovering from yet another pointless revolution leaving behind yet another example of Kafka s bureaucratic slime competitive party based elections produced extraordinary outbursts of creativity Politicians learned that the art of politics is about making and then winning arguments As each successive cutting edge novelty arrived the spin doctors quickly adapted and improved their techniques by adroitly exploiting the new medium s benefits For two centuries and even before the Anglo Saxons have led the world in spin this is the history of that journey Los Angeles Saturday Night ,1929
