**Sampling for Analytical Purposes** Pierre Gy, 1998-06-29 Dr Gy a pioneer in every sense of the word has spent 50 years studying the best way to take a truly representative sample His greatest achievement perhaps has been to introduce science into the black art of sampling The now famous and widely used formula bearing his name means that sampling is no longer a lottery but an essential analytical tool This very readable and practical book written by Pierre Gy himself is the first simple guide to Pierre Gy's method to be translated into English Although Dr Gy's formula was originally developed for the sampling of solid material in mines etc the theoretical arguments are equally valid for the sampling of liquids and multi phase media This book is as interesting as a historical perspective as it is useful for the practising modern day analyst

**The Best Catholics in the World** Derek Scally, 2021-03-18 THE NUMBER ONE BESTSELLER Shortlisted for the Irish Book Awards 2021 A great achievement brilliant engaging and essential Colm Tóibín At once intimate and epic this is a landmark book Fintan O'Toole When Dubliner Derek Scally goes to Christmas Eve Mass on a visit home from Berlin he finds more memories than congregants in the church where he was once an altar boy Not for the first time the collapse of the Catholic Church in Ireland brings to mind the fall of another powerful ideology East German communism While Germans are engaging earnestly with their past Scally sees nothing comparable going on in his native land So he embarks on a quest

to unravel the tight hold the Church had on the Irish He travels the length and breadth of Ireland and across Europe going to Masses novenas shrines and seminaries talking to those who have abandoned the Church and those who have held on to survivors and campaigners to writers historians psychologists and many more And he has probing and revealing encounters with Vatican officials priests and religious along the way The Best Catholics in the World is the remarkable result of his three year journey With wit wisdom and compassion Scally gives voice and definition to the murky and difficult questions that face a society coming to terms with its troubling past It is both a lively personal odyssey and a resonant and gripping work of reporting that is a major contribution to the story of Ireland Reflective textured insightful and original rich with history interrogation and emotional intelligence Diarmaid Ferriter Irish Times An unblinking look at the collapse of the Church and Catholic deference in Ireland Excellent and timely John Banville The Sunday Times Engaging and incisive Caelainn Hogan author of Republic of Shame Remarkable Essential reading for anyone concerned about history and forgetting Michael Harding Fair minded thoughtful Melanie McDonagh The Times Very pacy and entertaining and it changed how I regard Ireland and our history for good Fantastic Oliver Callan Original thought provoking and very engaging Marie Collins A provocative insight into a time that many would rather forget John Boyne Challenging Mary McAleese Explores this subject in a way that I ve never seen before Hugh Linehan Irish Times

**Worship as Community Drama** Pierre Hegy, 2019-03-22

Church weddings funerals and most Sunday services reflect the values and dramas of their communities even when the ministers are the main or sole actors This point is illustrated by examples ranging from American television masses to the Zairean three hour services in the Congo Of greatest interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution
