The Land Wars John Laband, 2020-07-15 Perhaps the most explosive issue in South Africa today is the question of land ownership The central theme in this country s colonial history is the dispossession of indigenous African societies by white settlers and current calls for land restitution are based on this loss Yet popular knowledge of the actual process by which Africans were deprived of their land is remarkably sketchy This book recounts an important part of this history describing how the Khoisan and Xhosa people were dispossessed and subjugated from the time that Europeans first arrived until the end of the Cape Frontier Wars 1779 1878 The Land Wars traces the unfolding hostilities involving Dutch and British colonial authorities trekboers and settlers and the San Khoikhoi Xhosa Mfengu and Thembu people as well as conflicts within these groups In the process it describes the loss of land by Africans to successive waves of white settlers as the colonial frontier inexorably advanced The book does not shy away from controversial issues such as war atrocities committed by both sides or the expedient decision of some of the indigenous peoples to fight alongside the colonisers rather than against them The Land Wars is an epic story featuring well known figures such as Ngqika Lord Charles Somerset and his son Henry Andries Stockenström Hintsa Harry Smith Sandile Maqoma Bartle Frere and Sarhili and events such as the arrival of the 1820 Settlers and the Xhosa cattle killing It is essential reading for anyone who wants to understand South Africa s past and present **University of Washington Publications in Anthropology** ,1920 *university of washington publications in*
