Rituals for Our Times Evan Imber-Black, Janine Roberts, 1998-02-01 All human cultures across time have created rituals bringing family members together to celebrate welcome honor or mourn While contemporary rituals still exist to serve these important functions we often perform them automatically without considering their vital roles in our lives Many individuals feel alienated from the rituals of their childhoods while others are struggling to create satisfying new traditions that reflect their own present needs and circumstances Authors Evan Imber Black and Janine Roberts show how we can learn to tap the power of rituals to mark transitions express important values heal the past and deepen relationships Each chapter looks at the special issues and possibilities for nuclear extended single parent and remarried families as well as for single adults and couples The authors also pay particular attention to how changing gender roles are reflected in our rituals and how revitalized traditions can actually alter the course of intimate relationships Filled with first person stories and practical examples this book will help all readers enhance the meaning of traditions old and new reinforcing and celebrating life s many milestones and ties *Ritual and the Moral Life* David Solomon, Ruiping Fan, Ping-cheung Lo, 2012-03-23 In the

twentieth century in both China and the West ritual became marginalized in the face of the growth of secularism and individualism In China Confucianism and its essentially ritualistic comportment to the world were vigorously suppressed during the Cultural Revolution 1966 1976 under Mao Zedong But de ritualization already took place as a result of the Chinese Revolution of 1911 under Sun Yat Sen In the West while the process of de ritualization has been generally more gradual it has been nonetheless drastic In contrast to this situation this volume investigates the crucial role ritual plays in constituting the human understanding of their place in the cosmos the purpose of their lives and imbues human existence with a more complete sense of meaningfulness This volume presents the work of philosophers from both China and the West as they reflect upon the constitutive role that ritual plays in human life They reflect not only on ritual in general but also on specific Confucian and Christian appreciations of ritual This provocative volume is a beacon of warning to Western philosophers who think they have graduated from the trappings of ritual and a beacon of hope for Eastern thinkers who wish to avoid cultural fragmentation The Editors both Eastern and Western have together created a seamless work that not only introduces ritual but advances an argument for the contribution that ritual makes to cultural renewal This volume is a work of philosophical thinking about ritual doing but challenges those who think to realize that the salvation of philosophical thinking rests in the particularity and contingency of ritual doing Let us hope this volume is widely read for it points to that which might renew the West Jeffrey P Bishop Saint Louis University Catalogue of the Library of Congress Library of Congress, 1880 The Catalogue of the Public Library of Victoria Public Library, Museums, and National Gallery 50 Masterpieces of Murder Mystery & Detective Fiction (Vol. 1) Jules Verne, Charles Dickens, Mark (Vic.),1880 Twain, Fyodor Dostoyevsky, Oscar Wilde, Edgar Allan Poe, William Hope Hodgson, John Buchan, Anna Katharine Green, Bram Stoker, Charlotte Brontë, Anne Brontë, Emily Brontë, Arthur Conan Doyle, Frances Hodgson Burnett, Joseph Conrad, Algernon Blackwood, Guy de Maupassant, Ernest Bramah, Walter Scott, Thomas Hardy, Mary Roberts Rinehart, Daniel Defoe, Arthur Morrison, Agatha Christie, Marie Belloc Lowndes, Sax Rohmer, Alexandre Dumas, Washington Irving, Maurice Leblanc, Erskine Childers, Gaston Leroux, Wilkie Collins, Earl Derr Biggers, Edgar Wallace, Marcel Allain, Richard Marsh, H. Balentine, 2020 The conceit in the title of this volume is that ritual however expansively it may be defined is ineluctably tethered to religion and worship It has a primal connection to the idea that a transcendent order numinous and mysterious supranatural and elusive divine and wholly other gives meaning and purpose to life The construction of rites and rituals enables humans to conceive and apprehend this transcendent order to symbolize it and interact with it to postulate its truths in the face of contradicting realities and to repair them when they have been breached or diminished The focus of this Handbook is on ritual and worship from the perspective of biblical studies particularly on the Hebrew Bible and its ancient Near Eastern antecedents Within this context attention will be given to the development of ideas in Jewish Christian and Muslim thinking but only insofar as they connect with or extend the trajectory of biblical precedents The volume reflects a wide range of analytical approaches to ancient texts inscriptions iconography and ritual artifacts It examines the social history and cultural knowledge encoded in rituals and explores the way rituals shape and are shaped by politics economics ethical imperatives and religion itself Toward this end the volume is organized into six major sections Historical Contexts Interpretive Approaches Ritual Elements participants places times objects practices Underlying Cultural and Theological Perspectives History of Interpretation Social Cultural Functions and Theology and Theological Heritage The Publisher and Bookseller, 1928 Official organ of the book trade of the United Kingdom Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature John McClintock, 1888 The United States Catalog

George Flavel Danforth, Marion Effie Potter, 1900 Ritual as a Missing Link J. David Knottnerus, 2016-01-08 Up to now ritual has been under utilised for studying human behaviour This book narrows the gap in our understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives Knottnerus breaks new ground by comprehensively describing structural ritualistic theory He shows how structural reproduction has occurred throughout the world how rituals can be strategically used and how power can influence rituals and how the disruption and reconstitution of ritual is of crucial importance for human beings This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality
