Example 1 – Indian Independence Movement ... read more in Units 25 & 29!

THESIS – “The Indian Independence movement dramatically changed the course of history.”

TASK #1 – The British East India Company, a British joint-stock company formed to trade with the East Indies, took control over India after defeating the Mughal Dynasty. The company ruled India with its private armies and gained a monopoly (total control) over one of India's most valuable resources: cotton. After the Sepoy Rebellion, when Indian sepoy (soldiers) fought back against the British in India, the British government took full control over India as its colony. Queen Victoria was crowned “Empress of India.” Britain developed a mercantilist relationship with its colony, forcing India to grow cash crops like cotton which were shipped to Britain to make manufactured textiles (fabric goods), which were then resold in India for profit. After over 1 million Indians served in World War I for Britain, they expected to be rewarded for their service. Instead, Britain tightened its control over India with the Rowlatt Acts, which gave British authorities the right to hold Indians without trials. In the Amritsar Massacre, troops under the direction of British General Dyer shot & killed over 400 peaceful, unarmed protestors in India.

TASK #2 – The goal of the Indian Independence movement was for India to earn complete political, economic and social independence from the British government.

TASK #3 – The Indian National Congress was a political party formed to fight for India's independence. Mohandas Gandhi rose to prominence in the movement with his calls for nonviolence and civil disobedience, the refusal to obey unjust laws. These forms of peaceful, passive resistance and non-cooperation were effective at winning public support by showing the brutality and harshness of the British. Gandhi called for many protest marches and boycotts on British goods sold in India, especially textiles. Gandhi wanted Indians to feel that they could be self-sufficient without the British, and he knew that nonviolence was the best option against the powerful British army. In his famous Salt March, Gandhi marched 240 miles to the coast to make salt to protest against the British salt monopoly in India.

TASK #4 – The British Parliament passed the Indian Independence Act of 1947, granting India sovereignty (control) over its own land after nearly 200 years as a British colony. Religious violence between Hindus & Muslims, led to the partition (division) of the subcontinent (India). Two new states were formed for Indian Muslims, Pakistan & Bangladesh. Millions of Muslims migrated to these states. Tension between India & Pakistan over their border regions, Kashmir, led to more violent clashes afterwards. Jawaharlal Nehru became the first democratically-elected leader in India's history.
