

## Graduation Speech

Good afternoon, dear faculty, staff, family, friends, and graduates. It is an honor to be speaking with you here today. Graduates of the class of 2012, CONGRATULATIONS!!!

While I was very honored to be invited to be the graduate speaker at the 2012 International Studies graduation ceremony, I admit that writing this speech was even harder than writing my thesis. And believe me, I would have never imagined that there would be anything harder than that. The hard part about it is that I was told that my graduation speech had to make you laugh first, then cry, and then inspire you. And it had to be short... So as you can see, that's not a very easy task to accomplish. But I'll try.

As I was thinking about this speech and reflecting on my experiences here at the Department of International Studies as a graduate student, I came up with a perfect analogy for my and my fellow

autism in France since 1950 noting the French divergence from psychological norms in the rest of the world Examining the works of psychoanalysts the activities of parents associations and the efforts of autistic self advocates the book argues that the consistent framing of autism as a form of childhood psychosis marginalized autists and emphasized the voices of parents and professionals This framing also justified the continued use of psychoanalysis as an intervention due to the placement of autism within the family dynamic Even as research in the United States pointed to biological and neurological conceptions of autism the French continued to support a psychogenic origin for the disorder impacting state policy and medical norms for decades This position energized conflict between professionals and parents concerning expertise leading to political and legal changes at the end of the twentieth century By the twenty first century French autists entered the debate to transform its parameters and assert their own position as experts on autism reconceiving the disorder outside of childhood to a limited degree Perpetual Children reveals the international dimension of the story of autism and how the French context provides a different perspective on its history
