Re: Matthew Batey

To Whom It May Concern:

Mr. Batey worked for Church Plumbing & Heating for approximately one and a half years from October, 2014 through May, 2016. In that time he assisted us with a variety of activities including customer service, scheduling & dispatching for a group of seven technicians, and a number of marketing initiatives. His position was eliminated as a part of the generational transfer of company ownership.

I have known Matt personally since we attended high school together at Elkhart Memorial, graduating in 1996. In addition to serving his country as a Marine, Matt is a dedicated and hard-working team-player. He has always been willing to help out where needed and take on additional assignments. Please don't hesitate to contact me with any specific questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Church", with a long horizontal flourish extending to the right.

People, State, and War under the French Regime in Canada Louise Dechêne, 2021-07-15 Covering a period that runs from the founding of the colony in the early seventeenth century to the conquest of 1760 People State and War under the French Regime in Canada is a study of colonial warriors and warfare that examines the exercise of state military power and its effects on ordinary people Overturning the tendency to glorify the military feats of New France and exploding the rosy myth of a tax free colonial population Louise Dech ne challenges the stereotype of the fighting prowess and military enthusiasm of the colony s inhabitants She reveals the profound incidence of social divides the hardship war created for

those expected to serve and the state's demands on the civilian population in the form of forced labour requisitions and billeting of soldiers Originally published posthumously in French People State and War under the French Regime in Canada is the culmination of a lifetime of research and unparalleled knowledge of the archival record including official correspondence memoirs military campaign journals taxation records and local parish records Dech ne reconstructs the variegated composition and conditions of military forces in New France which included militia colonial volunteers and regular troops as well as Indigenous allies The study offers an informed and ambitious comparison between France and other French colonies and shows that the mobilization of an unpaid compulsory militia in New France greatly exceeded requirements in other parts of the French domain With empathy sensitivity to the social dimensions of life and a piercing insight into the operations of power Dech ne portrays the colonial condition with its rightful dose of danger and ambiguity Her work underlines the severe toll that warfare takes on the individual and on society and the persistent deprivation disorder fear and death that come with conflict
