

SCIENCE

2010-2011 OAA Questions Task Cards

Two students perform an investigation to test the effects of sugar water on plant growth. The observations of both students are shown in the table.

Plant Growth Observations

	Student 1		Student 2	
	Plain Water	Sugar Water	Plain Water	Sugar Water
Final Height of Plant	Very Tall	Short	15 cm	10 cm
Number of Leaves	Many	Less	18	7
Number of Flowers	A Lot	A Few	3	1

Both students conclude that the plant given plain water is healthier than the plant given sugar water.

In your **Answer Document**, explain why Student 2's conclusion is more scientific than Student 1's conclusion. Support your response with evidence from the investigation. (2 points)

Oaa Science Test Review 8th

Rosina Ehmann

Oaa Science Test Review 8th:

8th Grade Science Assessment Practice Tests William Docekal,2018-09 A practice test booklet that contains 4 full length practice tests patterned after the actual NYS 8th Grade Science tests The booklet is self contained with spaces for student answers

8th Grade OAA Test Prep Study Guide Mark Shannon,2018-01-18 This test prep is good for kids who are on the fence and having trouble passing or need to increase their margin These kids will often say I DON T KNOW WHERE TO START when explaining their confusion This book address that problem with three approaches 1 In contrast with the other study guides that use random questions in their practice exams this book collated the questions into chapters based on the logic to solve them The 8th grade book is divided into nine chapters They are Logic Arithmetic Geometry Fractions Reading Graphs and tables Measurements including a ruler basic statistics order of operations and Algebra This book teaches basics then goes into practice exams with word problems Once the student is proficient with the questions organized into chapters then they are ready for random questions 2 This study guide has thousands of practice problems I have placed over 3100 videos on YouTube showing you how to work the problems3 I reviewed several years of past exams and placed enfaces on the easiest and most common questions Mastering these questions should yield a 75% to 80% If a student is already achieving this percentage the other guides or web site with random questions and covering all material might be best A book might be better for your student than the web sites for two reasons 1 The more common and easiest questions are using a ruler to measure The web designers don t know the size of your computer screen and can t determine if the student has measured correctly We can get a high percentage of these problems easily 2 When studying on a computer there are too many websites with the answers With a book parents can have greater assurance the work is being done This book is developed by a trained professional out of concern It is not the product of a large publishing house It is the results of one person who wants to help Best RegardsMark Shannon
