Occult Arts Theosophical Classics:

The Occult Imagination in Britain, 1875-1947 Christine Ferguson, Andrew Radford, 2017-12-15 Between 1875 and 1947 a period bookended respectively by the founding of the Theosophical Society and the death of notorious occultist celebrity Aleister Crowley Britain experienced an unparalleled efflorescence of engagement with unusual occult schema and supernatural phenomena such as astral travel ritual magic and reincarnationism Reflecting the signal array of responses by authors artists actors impresarios and popular entertainers to questions of esoteric spirituality and belief this interdisciplinary collection demonstrates the enormous interest in the occult during a time typically associated with the rise of secularization and scientific innovation The contributors describe how the occult realm functions as a turbulent conceptual and affective space shifting between poles of faith and doubt the sacrosanct and the profane the endemic and the exotic the forensic and the fetishistic Here occultism emerges as a practice and epistemology that decisively shapes the literary enterprises of writers such as Dion Fortune and Arthur Machen artists such as Pamela Colman Smith and revivalists such as Rolf Gardiner

Hilton Kramer, 2013-12-09 Widely acknowledged as the most authoritative art critic of his generation Hilton Kramer advanced his comments and judgments largely in the form of essays and short pieces Thus this first collection of his work to appear in twenty years is a signal event for the art world and for criticism generally *The Triumph of Modernism* not only traces the vicissitudes of the art scene but diagnoses the state of modernism and its vital legacy in the postmodern world Mr Kramer bracingly updates his incisive critique of the artists critics institutions and movements that have formed the basis for modern art Appearing for the first time in greatly expanded form is his consideration of the foundations of modern abstract painting and the future of abstraction The aesthetic intelligence that Mr Kramer brings to bear on certain tired assumptions about modernism many of them derived from methodologies and politics that have little to do with art helps rescue the artwork itself and its appreciation from the very institutions such as the art museum and the academy that purport to foster it Always clear eyed and vastly illuminating Hilton Kramer s art criticism remains among the very finest written in the past hundred years Readers of *The Triumph of Modernism* will be treated to an exhilarating experience *The O.E. Library Critic* ,1917 *Handbook of New Religions and Cultural Production* Carole Cusack,Alex Norman,2012-03-28 This volume

fills a lacuna in the academic assessment of new religions by investigating their cultural products such as music architecture food et cetera Contributions explore the manifold ways in which new religions have contributed to humanity s creative output *Jean Delville* Brendan Cole,2014-11-10 This book is the first full length study of the art and writings of Jean Delville As a member of the younger generation that emerged during the end of the nineteenth century he was a dynamic leader of a group of avant garde artists who sought to establish a new school of Idealist Art in Belgium He was one of the most talented painters of his generation producing a vast body of works that in both scale and technical accomplishment is unsurpassed amongst his contemporaries In his extensive writings in contemporary journals and books he pursued a singular vision for the purpose of art to serve as a vehicle for social change as well as to inspire individuals to be drawn to a higher spiritual reality Delvilles thinking is heavily indebted to the hermetic and esoteric philosophy that was widely popular at the time and his paintings poetry and writings reformulate the main tenets of this tradition in a contemporary context In this regard his aesthetic and artistic goals are similar if not identical to those found in the writings and art of Kandinsky and Mondrian during the early twentieth century
