Reel Power Hollywood Cinema And American Supremacy:

Reel Power Matthew Alford,2010 *Reel Power* Matthew Alford,2010-08-06 Hollywood is often characterised as a stronghold of left liberal ideals In *Reel Power* Matthew Alford shows that it is in fact deeply complicit in serving the interests of the most regressive US corporate and political forces Films like *Transformers* *Terminator Salvation* and *Black Hawk Down* are constructed with Defence Department assistance as explicit cheerleaders for the US military but Matthew Alford also emphasises how so called radical films like *Three Kings* *Hotel Rwanda* and *Avatar* present watered down alternative visions of American politics that serve a similar function *Reel Power* is the first book to examine the internal workings of contemporary Hollywood as a politicised industry as well as scores of films across all genres No matter what the progressive impulses of some celebrities and artists Alford shows how they are part of a system that is hard wired to encourage American global supremacy and frequently the use of state violence

Who Paid the Pipers of Western Marxism? Gabriel Rockhill,2025-12 *Who Paid the Pipers of Western Marxism* offers a crash course in the history of imperialist propaganda as well as in the Marxist method for analyzing culture and ideology Author Gabriel Rockhill demonstrates the explanatory and transformative superiority of a dialectical and historical materialist approach while elucidating how the world of ideas is a crucial site of class struggle He then engages in a meticulous counter history of the Frankfurt School which made a foundational contribution to Western Marxism by situating it within the global relations of class struggle and the imperialist war on actually existing socialism With the explicit and direct backing of powerful elements in the capitalist ruling class and the world s leading imperialist state the Frankfurt School developed a widely promoted form of compatible critical theory as an ersatz for dialectical and historical materialism The volume concludes by bringing to the fore the positive project that serves as the guiding methodological framework for the work as a whole a thoroughly anticolonial and anti imperialist Marxism dedicated to building socialism in the real world Drawing on extensive archival research to pull back the curtain on ruling class machinations Rockhill s book elucidates how the intellectual world war on the socialist alternative has sought to shore up and promote a compatible left intelligentsia while misrepresenting maligning and trying to destroy the revolutionary left

Sorcerer Mark Wheeler,2022-01-25 William Friedkin s film *Sorcerer* 1977 has been subject to a major re evaluation in the last decade A dark re imagining of the French Director H G Clouzot s *Le Salaire de la Peur* *The Wages of Fear* 1953 based on George Arnaud s novel the film was a major critical and commercial failure on its initial release Friedkin s work was castigated as an example of directorial hubris as it was a notoriously difficult production which went wildly over budget It was viewed at the time as th end of New Hollywood However within recent years the film has emerged in the popular and scholarly consciousness from enjoying a minor cult status to becoming subject to a full blown critical reconsideration in which it has been praised a major work by a key American filmmaker

Globalizing Collateral Language Somdeep Sen,John Collins,2021-09-01 Language is never just a means of communication It terrorizes And especially in times of war it has the

ability to target civilians and generate fear as a means of producing specific political outcomes most notably the passive and active acceptance of state violence itself For this reason the critical examination of language must be a central part of any effort to fight imperialism militarism demagoguery racism sexism and other structures of injustice Globalizing Collateral Language examines the discourse surrounding 9 11 and its entrenchment in global politics and culture To interrogate this wartime lexicon of collateral language editors John Collins and Somdeep Sen have assembled a volume of critical essays that explores the long shadow of America s War on Terror discourse They illuminate how this language has now found resonance across the globe and in political projects that have little to do with the War on Terror Two decades after the attacks of September 11 2001 this book calls on us to resist the tyranny of collateral language at a time when the need for such interventions in the public sphere is more urgent than ever

Cinematic perspectives on international law Olivier Corten,Francois Dubuisson,Martyna Falkowska-Clarys,2021-04-13 The proposed volume consists of an edited collection within the new Melland Schill Guidebooks on International Law MSGIL series In line with the MSGIL objective of inclusiveness originality perspectivism and critical thought the book is the first of an intended series pertaining to perspectives related to the ways in which the arts influence the perception and attitude of the public towards international law and the manner this affects the discipline both in terms of its own development and in terms of its social legitimacy The book contrasts the narratives of international law depicted in cinema and TV productions with the corresponding narratives advanced by legal scholars It identifies a cognitive dissonance between them and ascertains its implications on general perceptions of international law Focus On: 100 Most Popular Australian Films Wikipedia contributors, Focus On: 100 Most Popular French-language Films Wikipedia contributors, MCU Joanna Robinson,Dave Gonzales,Gavin Edwards,2023-10-10 INSTANT NEW YORK TIMES BESTSELLER Empire Christmas Gift Guide 2024 Books For Movie Lovers A superb chronicle of how Marvel Studios conquered Hollywood This definitive account of the Hollywood juggernaut thrills Publishers Weekly starred review The unauthorized behind the scenes story of the stunning rise and suddenly uncertain reign of the most transformative cultural phenomenon of our time the Marvel Cinematic Universe Marvel Entertainment was a moribund toymaker not even twenty years ago Today Marvel Studios is the dominant player both in Hollywood and in global pop culture How did an upstart studio conquer the world In MCU beloved culture writers Joanna Robinson Dave Gonzales and Gavin Edwards draw on more than a hundred interviews with actors producers directors and writers to present the definitive chronicle of Marvel Studios and its sole ongoing production the Marvel Cinematic Universe For all its outward success the studio was forged by near constant conflict from the contentious hiring of Robert Downey Jr for its 2008 debut Iron Man all the way up to the disappointment of Ant Man and the Wasp Quantumania and shocking departures of multiple Marvel executives in 2023 Throughout the authors demonstrate that the original genius of Marvel was its resurrection and modification of Hollywood s old studio system But will it survive its own spectacular achievements Dishy and authoritative

MCU is the first book to tell the Marvel Studios story in full and an essential effervescent account of American mass culture

Reimagining the Promised Land Rodney Wallis, 2020-09-17 While Israel has seemingly been a minor presence in Hollywood cinema *Reimagining the Promised Land* argues that there is a long history of Hollywood deploying images of Israel as a means of articulating an idealized notion of American national identity This argument is developed through readings of *The Ten Commandments* Cecil B DeMille 1956 *Ben Hur* A Tale of the Christ William Wyler 1959 *Exodus* Otto Preminger 1960 *Cast a Giant Shadow* Melville Shavelson 1966 *Black Sunday* John Frankenheimer 1977 *The Delta Force* Menahem Golan 1986 and *Munich* Steven Spielberg 2005 The mobilization of Israel that pervades this eclectic group of films effectively demonstrates one of the more surreptitious ways in which Hollywood has historically constructed and circulated dominant notions of American national identity Moreover in examining the most notable Hollywood representations of the Jewish state the book offers an informed historical overview of the cultural forces that have contributed to popular understandings within the United States of the state of Israel Israel's Arab neighbours and also the Arab Israeli conflict

Theology and the DC Universe Roshan Abraham, Gabriel Mckee, 2023-05-30 Superman's first appearance in Action Comics 1 1938 proclaimed that the character would reshape the destiny of the world The advent of the first superhero initiated a shared narrative the DC superhero universe that has been evolving in depth and complexity for more than 80 years Superman Batman and Wonder Woman have become key threads in the tapestry of the American mythos shaping the way we think about life right and wrong and our relationship with our own universe Their narrative world is enriched by compelling stories featuring lesser known characters like Dr Fate the Doom Patrol John Constantine and the Legion of Super Heroes Stories set within this shared universe have explored questions of death rebirth the apocalypse the nature of evil the origins of the universe and the destiny of humankind This volume brings together the work of scholars from a range of backgrounds who explore the role of theology and religion in the comics films and television series set in the DC Universe The thoughtful and incisive contributions to this collection will appeal to scholars and fans alike [The Routledge History of Terrorism](#) Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist *The Routledge History of Terrorism* is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth

century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book s rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism

Literary and Cultural Production, World-Ecology, and the Global Food System Chris Campbell, Michael Niblett, Kerstin Oloff, 2021-08-12 Literary and Cultural Production World Ecology and the Global Food System marks a significant intervention into the field of literary food studies Drawing on new work in world literature cultural studies and environmental studies the essays gathered here explore how literary and cultural texts have represented and responded to the global food system from the late nineteenth century to the present day Covering topics such as the impact of colonial monocultures and industrial agriculture enclosure and the loss of the commons the meatification of diets the toxification of landscapes and the consequences of climate breakdown the volume ranges across the globe from Thailand to Brazil Cyprus to the Caribbean Whether it is anxieties over imported meat in late Victorian Britain labour struggles on Guatemalan banana plantations or food dependency in Puerto Rico the contributors to this volume show how fiction poetry drama film and music have critically explored and contributed to food cultures worldwide

Popular Geopolitics and Nation Branding in the Post-Soviet Realm Robert A. Saunders, 2016-07-07 This seminal book explores the complex relationship between popular geopolitics and nation branding among the Newly Independent States of Eurasia and their combined role in shaping contemporary national image and statecraft within and beyond the region It provides critical perspectives on international relations nationalism and national identity through the use of innovative approaches focusing on popular culture new media public diplomacy and alternative narrators of the nation By positing popular geopolitics and nation branding as contentious forces and complementary flows the study explores the tensions and elisions between national self image and external perceptions of the nation and how this complex interplay has become integral to contemporary global affairs

Why Are We the Good Guys? David Cromwell, 2012-09-16 A provocative challenge to the standard ideology that Western power is a benevolent force in the world

Cinema and Unconventional Warfare in the Twentieth Century Paul B. Rich, 2018-08-23 Cinematic representations of unconventional warfare have received sporadic attention to date However this pattern has now begun to change with the rise of insurgency and counter insurgency in Iraq and Afghanistan and the growing importance of jihadist terrorism in the wake of 9 11 This ground breaking study provides a much needed examination of global unconventional warfare in 20th century filmmaking with case studies from the United States Britain Ireland France Italy and Israel Paul B Rich examines Hollywood s treatment of counter terrorism and counter insurgency in the United States British post colonial insurgencies in Malaya and Kenya and British special operations in the Second World War the Irish conflict before and during the Troubles French filmmaking and the reluctance to deal with the

bitter war in Algeria in the 1950s Italian neorealism and its impact on films dealing with urban insurgency by Roberto Rossellini Nanni Loy and Gillo Pontecorvo and Israel and the upsurge of Palestinian terrorism Whilst only a small number of films on these conflicts have been able to rise above stereotyping insurgents and terrorists in some cases due to a pattern of screen orientalism Cinema and Unconventional Warfare in the Twentieth Century stresses the positive political gains to be derived from humanizing terrorists and terrorists movements especially in the context of modern jihadist terrorism This is essential reading for academics postgraduates and advanced undergraduates interested in 20th century military history politics and international relations and film studies *Screening Bosnia* Stephen Harper, 2017-03-09 The Bosnian war of 1992 1995 was one of the most brutal conflicts to have erupted since the end of the Second World War But although the war occurred in Europe's backyard and received significant media coverage in the West relatively little scholarly attention has been devoted to cultural representations of the conflict Stephen Harper analyses how the war has been depicted in global cinema and television over the past quarter of a century Focusing on the representation of some of the war's major themes including humanitarian intervention the roles of NATO and the UN genocide rape and ethnic cleansing Harper explores the role of popular media culture in reflecting reinforcing and sometimes contesting nationalist ideologies *The Routledge Handbook of Digital Media and Globalization* Dal Yong Jin, 2021-05-12 In this comprehensive volume leading scholars of media and communication examine the nexus of globalization digital media and popular culture in the early 21st century The book begins by interrogating globalization as a critical and intensely contested concept and proceeds to explore how digital media have influenced a complex set of globalization processes in broad international and comparative contexts Contributors address a number of key political economic cultural and technological issues relative to globalization such as free trade agreements cultural imperialism heterogeneity the increasing dominance of American digital media in global cultural markets the powers of the nation state and global corporate media ownership By extension readers are introduced to core theoretical concepts and practical ideas which they can apply to a broad range of contemporary media policies practices movements and technologies in different geographic regions of the world North America Europe Africa the Middle East Latin America and Asia Scholars of global media international communication media industries globalization and popular culture will find this to be a singular resource for understanding the interconnected relationship between digital media and globalization **The Propaganda Model Today** Joan Pedro-Carañana, Daniel Broudy, Jeffery Klaehn, 2018-10-25 While the individual elements of the propaganda system or filters identified by the Propaganda Model PM ownership advertising sources flak and anti communism have previously been the focus of much scholarly attention their systematisation in a model empirical corroboration and historicisation have made the PM a useful tool for media analysis across cultural and geographical boundaries Despite the wealth of scholarly research Herman and Chomsky's work has set into motion over the past decades the PM has been subjected to marginalisation poorly informed critiques and misrepresentations Interestingly

while the PM enables researchers to form discerning predictions as regards corporate media performance Herman and Chomsky had further predicted that the PM itself would meet with such marginalisation and contempt In current theoretical and empirical studies of mass media performance uses of the PM continue nonetheless to yield important insights into the workings of political and economic power in society due in large measure to the model s considerable explanatory power

Crashing the Tea Party Paul Street,Anthony R. Dimaggio,2015-12-03 The Tea Party has been the most high profile and controversial social movement in the US of recent times But real analysis of the Tea Party remains slim is it a genuine social movement or a topdown interest group created by the Republican Party and corporate funding *Crashing the Tea Party* is based on first hand observation of local Tea Party chapters and undertakes a critical journalistic and scholarly examination from the national and local level Paul Street and Anthony DiMaggio provide a carefully documented account which challenges conventional wisdoms *Crashing the Tea Party* fills the gap in public understanding about this particular social movement and how social movements in general relate today to the ideologies of left and right and the mass media
