Fjortoft, 2016-10-19 Settings such as patient centered medical homes can serve as ideal places to promote interprofessional collaboration among healthcare providers Fjortoft et al 2016 Furthermore work together by teams of interprofessional healthcare students Van Winkle 2015 and even practitioners Stringer et al 2013 can help to foster interdisciplinary collaboration This result occurs in part by mitigating negative biases toward other healthcare professions Stringer et al 2013 Van Winkle 2016 Such changes undoubtedly require increased empathy for other professions and patients themselves Tamayo et al 2016 Nevertheless there is still much work to be done to foster efforts to promote interprofessional collaboration Wang and Zorek 2016 This work should begin with undergraduate education and continue throughout the careers of all healthcare professionals

Reflection: Principles and Practices for Healthcare Professionals 2nd Edition Tony Ghaye, Sue Lillyman, 2014-10-07 In this newly updated edition of the bestselling *Reflections Principles and Practice for Healthcare Professionals* the authors reinforce the need to invest in the development of reflective practice not only for practitioners but also for healthcare students The book discusses the need for skilful facilitation high quality mentoring and the necessity for good support networks The book describes the 12 principles of reflection and the many ways it can be facilitated It attempts to support with evidence the claims that reflection can be a catalyst for enhancing clinical competence safe and accountable practice professional self confidence self regulation and the collective improvement

of more considered and appropriate healthcare Each principle is illustrated with examples from practice and clearly positioned within the professional literature New chapters on appreciative reflection and the value of reflection for continuing professional development are included making this an essential guide for all healthcare professionals

Fuzziness and Medicine: Philosophical Reflections and Application Systems in Health Care Rudolf Seising, Marco Elio Tabacchi, 2013-03-01 This book is a collection of contributions written by philosophers and scientists active in different fields such as mathematics logics social sciences computer sciences and linguistics They comment on and discuss various parts of and subjects and propositions introduced in the Handbook of Analytical Philosophy of Medicine from Kadem Sadegh Zadeh published by Springer in 2012 This volume reports on the fruitful exchange and debate that arose in the fuzzy community upon the publication of the Handbook This was not only very much appreciated by the community but also seen as a critical starting point for beginning a new discussion The results of this discussion which involved many different perspectives from science and the humanities and was warmly encouraged by Kadem Sadegh Zadeh himself are accurately reported in this volume which is intended to be a critical companion to Kadem Sadegh Zadeh s handbook Rudolf Seising is currently an adjunct researcher at the European Centre for Soft Computing in Mieres Asturias Spain and a college lecturer at the Faculty of History and Arts at the Ludwig Maximilians University of Munich Germany Marco Elio Tabacchi is currently the Scientific Director of the Italian National Research Survey Organization Demopolis and a research assistant in the Soft Computing Group at University of Palermo Italy

The Course Reflection Project Nicole Schonemann, Emily Metzgar, Andrew Libby, 2015-05-01 Service learning is entering a post initiatory phase At tertiary institutions of all types and sizes service learning programs are common and service learning requirements for graduation are growing in popularity Taken together alongside continued faculty interest in effective teaching these factors have raised the visibility and popularity of service learning Now the greater need in service learning is not to prove the need for or efficacy of service learning but to turn the focus squarely back on practice Following established best practice is not enough instructors also need to reflect on how this fits within the specific context and application of each unique course and service learning partnership While there are many excellent resources that detail best practice and showcase exemplary service learning courses faculty reflection and course revision often goes unmentioned In response to the lack of attention on the role of reflection and course revision we convened groups of faculty from a variety of disciplines to reflect deeply on their courses paying specific attention to obstacles and challenges These conversations were converted to articles for this edited collection each chapter representing the process of reflection and revision and serving as a guide to develop effective practice in varied curricular contexts This text contributes to the body of literature on service learning in a unique and practical manner Faculty teaching or interested in teaching service learning classes would benefit from this text as well as university administrators and community service directors involved in service learning at a programmatic and institutional level This book should be marketed to faculty

teaching disciplinary service learning classes and service learning pedagogy classes and administrative offices involved in service learning This could be a supplementary text for graduate level pedagogy courses Higher education institutional libraries would benefit from this text as well as the national and state campus compact offices

Organizational Behavior and Management in Health and Medicine James K. Elrod, John L. Fortenberry, Jr., 2024-07-10 This comprehensive textbook on healthcare organizational behavior and management uniquely bridges theory and practice directing significant attention toward operationalization in health and medical settings This blend of theory and practice differentiates the content of this book from that of related academic and professional books that tend to discuss theory at length with limited attention being directed toward practical applications This approach ultimately affords readers with a working knowledge of the subject matter which must be mastered to successfully operate healthcare organizations and a real world skill set for use in practice The contents of the text encompass a fairly broad spectrum of organizational behavior and management within the context of the healthcare industry and its associated organizations Among the topics covered Leadership in Health and Medicine Motivation in Health and Medicine Communication in Health and Medicine Strategy in Health and Medicine Ethics and Social Responsibility in Health and Medicine Organizational Culture in Health and Medicine Groups and Teams in Health and Medicine Power and Politics in Health and Medicine Beyond its efficient presentation of core facets of organizational behavior and management the book features practical insights in each chapter from the authors experiences as leaders at a health system These passages share real world insights often involving unique applications innovative thinking and other creative perspectives from practice These viewpoints are invaluable for helping readers to ground the theoretical overviews presented in each chapter bolstering knowledge and understanding A glossary of organizational behavior and management terminology is also included Organizational Behavior and Management in Health and Medicine serves as a primer featuring principles and practices with intensive application and operational guidance The text with its learning objectives chapter summaries key terms and exercises is ideally suited for professors and students of health administration medicine nursing and allied health The book also can serve as a refresher for healthcare executives and managers e g administrators nurses physicians and as a useful reference for anyone with an interest in learning about administrative practices in health and medical settings
