## Reflections In A Black Mirror:

Philosophical Reflections on Black Mirror Dan Shaw, Kingsley Marshall, James Rocha, 2021-12-16 Black Mirror is a cultural phenomenon. It is a creative and sometimes shocking examination of modern society and the improbable consequences of technological progress. The episodes typically set in an alternative present or the near future usually have a dark and satirical twist that provokes intense question both of the self and society at large. These kind of philosophical provocations are at the very heart of the show. Philosophical reflections on Black Mirror draws upon thinkers such as Friedrich Nietzsche, Pierre Hadot and Michel Foucault to uncover how Black Mirror acts as philosophical television questioning human morality and humanity's vulnerability when faced with the inexorable advance of technology. *Black Mirror and Philosophy* David Kyle Johnson, 2019-12-03 A philosophical look at the twisted high tech near future of the sci fi anthology series Black Mirror offering a glimpse of the darkest reflections of the human condition in digital technology. Black Mirror the Emmy winning Netflix series that holds up a dark digital mirror of speculative technologies to modern society shows us a high tech world where it is all too easy to fall victim to ever evolving forms of social control. In Black Mirror and Philosophy original essays written by a diverse group of scholars invite you to peer into the void and explore the philosophical ethical and existential dimensions of Charlie Brooker's sinister stories. The collection reflects Black Mirror's anthology structure by pairing a chapter with every episode in the show's five seasons including an interactive choose your own adventure analysis of Bandersnatch and concludes with general essays that explore the series broader themes. Chapters address questions about artificial intelligence, virtual reality, surveillance, privacy, love, death, criminal behavior and politics including: Have we given social media too much power over our lives? Could heaven really one day be a place on Earth? Should criminal justice and punishment be crowdsourced? What rights should a cookie have? Immersive, engaging and experimental. Black Mirror and Philosophy navigates the intellectual landscape of Brooker's morality plays for the modern world where humanity's greatest innovations and darkest instincts collide. **Reflections in a Black Mirror** Terry Durbin, 2014-11-12 An old man looking for bargains at a flea market finds more than he is searching for in a box of the forgotten and discarded. He finds a mirror with a wicker frame and glass as black as a raven's wing. But the reflections in this mirror come on their own schedule; it reflects what it wants and each reflection has a price. In the tradition of Ray Bradbury's *The Illustrated Man* Terry Durbin the author of *Chase* and *The Legacy of Aaron Geist* gives you eleven tales of the strange and the macabre. Stories of revenge, of despair, of madness and of terror all inextricably linked deep within one black mirror. O Goody! A precocious boy finds the ultimate cure for loneliness when he makes a new friend Muddyrump. Help for an abused child comes from the most unexpected place. Bump! After the end of the world a teacher learns his most important lesson. In the Memory of Stones The asylum on Chappelworth Ridge is gone but the madness lingers on. And much much more. Go ahead take a look. It's just a mirror. Don't be afraid. Philosophical Reflections on Black Mirror Dan Shaw, Kingsley Marshall, James
