Women in Christianity in the Modern Age Lisa Isherwood, Megan Clay, 2021-12-30 Women in Christianity in the Modern Age examines the role of women in Christianity in the 20th and early 21st Centuries This edited volume includes eight important contributions from academics in the field The modern era has been an age of social and religious upheaval and the ravages of global warfare and changes to women's role in society have made the examination of the place of women in religion a key question in theology From theological concerns engagements with the biblical texts by feminist and anti feminist theologians the modern role of Mary and women saints to political and social debates on women's ministry and place in society and cultural shifts as expressed through theologically inspired artwork by women Women in Christianity in the Modern Age provides an overview and in depth studies of a tumultuous and changing era This insightful text will be of key interest to students and scholars in Religion and Cultural Studies

Love and Freedom Jorge N. Ferrer, 2021-06-24 In Love and Freedom Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprivilege polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
