Re-assessing the Present Perfect Valentin Werner, Elena Seoane, Cristina Suárez-Gómez, 2016-09-12 It is a well known fact that the area of the present perfect has always been a hotly contested ground but recent corpus analyses have shown that grammatical variation in this realm in English is far more pervasive than previously assumed This volume is the first ever book length treatment dedicated to corpus based work on the present perfect It offers fresh theoretical insights resting on a solid empirical footing and investigates central aspects of language contact and change grammaticalization typology and

dialect formation It sheds light on this morphosyntactic area from different angles as it comprises both diachronic and synchronic viewpoints Contributions explore variation in the expression of perfect meaning and the multifunctionality of perfect forms in a number of native and non native varieties thus going beyond the traditional British American English paradigm while a second focus lies on cross variety comparisons Bringing together the knowledge of leading experts in the field this book represents the state of the art in data driven research on the present perfect and will be of interest for those working in the fields of language variation and change corpus linguistics sociolinguistics and typology *National*

An Essay on Uses and Trusts, and on the Nature and Operation of Conveyances at Common Law, and of Those Which Derive Their Effect from the Statute of Uses Francis Williams Sanders,2007

Quine on Ethics Necip Fikri Alican,2021-04-07

This book is the first comprehensive treatment of Quine s brief yet memorable foray into ethics It defends Quine against his most formidable critics corrects misconceptions in the reception of his outlook on ethics as a philosophical enterprise and morality as a social institution and restores emphasis on observationality as the impetus behind his momentous intervention in metaethics The central focus is on Quine s infamous challenge to ethical theory his thesis of the methodological infirmity of ethics as compared with science The book ultimately demonstrates that the challenge is not only valid but also valuable in its identification of opportunities for reformation in ethical reasoning and moral justification
