The diagram illustrates a three-degree-of-freedom system consisting of three identical pendulums suspended from a common horizontal bar. Each pendulum has a blue bob and a vertical support. Below the pendulums, three plots show the time evolution of the system's state over a 2-second interval. The top plot shows the displacement x_i (m) for each pendulum, with the first pendulum's displacement highlighted by a dashed line. The middle plot shows the velocity $\dot{x}_i$ (m/s) for each pendulum. The bottom plot shows the acceleration $\ddot{x}_i$ (m/s²) for each pendulum. The plots are arranged in a grid, with the first pendulum's data on the left, the second in the middle, and the third on the right.
