religious significance as the color of the blood of Christ and the fires of Hell and secular meaning as a symbol of love glory and beauty Yet during the Protestant Reformation red began to decline in status Viewed as indecent and immoral and linked to luxury and the excesses of the Catholic Church red fell out of favor After the French Revolution red gained new respect as the color of progressive movements and radical left wing politics In this beautifully illustrated book Michel Pastoureau the acclaimed author of *Blue Black and Green* now masterfully navigates centuries of symbolism and complex meanings to present the fascinating and sometimes controversial history of the color red Pastoureau illuminates red s evolution through a diverse selection of captivating images including the cave paintings of Lascaux the works of Renaissance masters and the modern paintings and stained glass of Mark Rothko and Josef Albers
