Redesigned Off The Subject English Edition:

After Math Denise Grover Swank, 2014-12-06 USA TODAY Bestseller Scarlett Goodwin's world is divided into Before and After. Before she agreed to tutor Tucker Price, college junior, Scarlett was introverted, struggling with her social anxiety and determined to not end up living in a trailer park like her mother and her younger sister. A mathematics major, she goes to her classes, to her job in the tutoring lab, and then hides in the apartment she shares with her friend Caroline. After junior, Tucker Price, Southern University's star soccer player, enters the equation, her carefully plotted life is thrown off its axis. Tucker's failing his required College Algebra class. With his eligibility at risk, the university chancellor dangles an expensive piece of computer software for the math department if Scarlett agrees to privately tutor him. Tucker's bad-boy womanizer reputation makes Scarlett wary of any contact, let alone spending several hours a week in close proximity. But from her first encounter, she realizes Tucker isn't the person everyone else sees. He carries a mountain of secrets which she suspects hold the reason to his self-destructive behavior. But the deeper she delves into the cause of his pain, the deeper she gets sucked into his chaos. Will Scarlett find the happiness she's looking for, or will she be caught in Tucker's aftermath? The Naked Truth About Self-Publishing The Indie Voice, 2015-09-22

Redesigned Denise Grover Swank, 2013-05-15 While fashion design major Caroline Hunter may have been born economically unlucky in college, she's been lucky in love. Until her senior year at Southern University, she's gone from a serious long-term boyfriend to a string of crappy dates. Then she meets mathematics grad student Reed Pendergraft. Reed is everything she's not looking for. Serious. Headed for a low-paying university job. Boring. Caroline spent the first eighteen years of her life wondering where her next meal was coming from. She sure wasn't getting trapped in that life again with a man living on a professor's salary. An encounter with Reed in a club proves she might have pegged him wrong. He brings out a lusty side she never knew she had. But just when she's about to give in to her hormones, Reed makes a fool out of her. When she shows up for the first committee meeting for Southern University's Fall fashion show, a fundraiser for underprivileged kids, Caroline's horrified to discover the insufferable Reed is the committee chairman. While she refuses to tolerate his totalitarian rule of the committee, she's not sure she'll survive the month with her heart and her pride intact. Just when she thinks she has everything figured out, she finds that her entire life has been
