The Work-Smart Academic Planner, Revised Edition Peg Dawson, Richard Guare, 2017-02-16 From executive skills experts Peg Dawson and Richard Guare this large format academic planner is specially designed for students in grades 6-12. It provides a system for keeping track of assignments and due dates while developing the crucial executive skills needed to succeed in school and beyond. They also get tools for evaluating their own executive skills in order to target their weaknesses and capitalize on strengths.

Smart but Scattered Peg Dawson, Richard Guare, Colin Guare, 2024-11-15 All kids occasionally space out, get sidetracked, run out of time, or explode in frustration, but some do it much more often than others. If you have a smart but scattered child, take heart. This encouraging guide is grounded in research on the crucial brain-based skills that 4- to 13-year-olds need to get organized, stay focused, and control their impulses and emotions. The expert authors guide you to identify your child's executive strengths and weaknesses, boost skills that are lacking, fix everyday routines that don't work, and reduce everyone's stress. Including new research, new and updated vignettes, and *A Good Place to Start* suggestions for each skill, the revised and updated second edition features a new chapter on technology and a greatly expanded school chapter. Helpful practical tools can be downloaded and printed. See also the authors' *Smart but Scattered: Teens*, *Smart but Scattered and Stalled* (with a focus on emerging adults), and *The Smart but Scattered Guide to Success* (with a focus on adults).
