Turning Pain Into POWER Khalid A. Haaziq, 2024-05-28 Have you ever wondered why life's most formidable trials seem to target the strongest among us Indeed it's a question for the ages a paradox that seems to play out time and time again It's as if life has a peculiar way of picking out those with the most potential the ones with the brightest futures and hurling the heaviest stones their way Consider the hardships and challenges that life throws at us They're not random oh no They seem to have an uncanny knack for finding those with the greatest potential The ones who could rise the highest shine the brightest leave the most indelible mark on the world These are the ones who often find themselves in the crosshairs of life's most relentless adversities Think back on the annals of history Reflect on the biographies of the most influential figures the trailblazers who reshaped the world Their stories are not tales of easy ascents to greatness No they are narratives of struggle of hardship of adversity faced and overcome Model examples of turning Pain into Power
