

Reflection Essay

This semester in English 101 I have learned a bountiful amount of tips to help my writing techniques. In high school I always thought of myself as a fairly good writer. The one thing I think I lacked was supporting details. This course has helped me to always think when I make a statement. After my statement I make sure to put extra input or additional definitions to make what I am saying crystal clear. Also, in this course, I have learned how to use rhetoric in my papers. Different rhetoric techniques like ethos, logos, and pathos have made some of my pieces so much better.

Ethos, pathos, and logos were all new to me. Learning about the three has taught me a couple of things. It has taught me different ways to reach different audiences. Sometimes getting to an audience with emotion will do the trick, but in other situations a more factual approach works. Having this new knowledge of the different types of ways to catch the audience's attention has and will in the future improve my writing.

Before this course I was completely unaware of how to write a formal argument. Now I feel that I have the knowledge and the experience to write a very successful argument. I felt confident in writing my final project due to all of the information I have gained from this course.

The readings that we did in class were extremely insightful as well as interesting. They taught me to see different all different groups of people in totally different ways than what might be expected. The readings opened my eyes and allowed me to see the world in different

Developing Reflective TESOL Practitioners Through Teacher Education Andrzej Cirocki, Mark Wyatt, Xuesong (Andy) Gao, 2024-06-26 This textbook provides insights from Asian contexts into how reflective practice is nurtured on Teaching English to Speakers of Other Languages TESOL and English Language Teaching ELT teacher education programmes There is increasing recognition worldwide that given the centrality of reflective practice to teachers ongoing professional development supporting teachers to become reflective practitioners should be integral to teacher education programmes Consequently tertiary level courses in areas such as TESOL and ELT tend to promote reflective practice supported by theoretical input from the burgeoning literature on reflection much of which is produced in the West Relatively under represented in the literature are global perspectives on reflective practice there are consequently relatively few accounts as to how reflective practice is embedded in teacher education programmes in different parts of the world including Asia Hence this book addresses a gap Contributing authors from fourteen countries provide insights into the ways in which teachers are helped to grow as reflective practitioners on their teacher education programmes in their unique contexts This textbook showcases how reflective teaching practices are developed supported by frameworks for critical reflection and in interaction with local educational policies These distinctive accounts aid readers in reflecting on the ways in which reflective practice is supported in their own teacher education contexts and in considering ways of enhancing the reflective dimension of their programmes This textbook showcases innovative reflective activities and can be used as a principal text or as supplemental reading on a range of TESOL and ELT teacher education courses

The Habit of

Passionate Teaching: Reflections on Teaching For Learning Deborah Rickey, Randall Wisehart, 2024-04-10 Deborah Rickey and Randall Wisehart have spent more than 80 years in the field of education as teachers and administrators In The Habit of Passionate Teaching they share what they have learned from their students in middle school high school and teacher preparation programs The motivation for this book comes from the authors deeply held belief that it is crucial for teachers to share their knowledge about teaching their craft knowledge so that every generation of teachers can build on what has worked in the past Based on interviews with dozens of experienced teachers and with the addition of their own experience the authors describe and explore what teachers said about becoming effective and passionate teachers and how the practices became a habit The teachers whose voices are shared throughout the book have found success in teaching over a span of five ten even twenty and more years They have bucked the trend that has seen so many teachers leaving the profession after three years or fewer The authors sought to discover why these teachers chose to stay in the profession The emerging answer to the question is that these teachers learned and employed practices of passionate teachers and honed the practices until they became a habit a habit of passionate teaching The authors highlight the importance of practices that veteran teachers shared during interviews and focus group sessions One practice is reflecting Teachers reported the importance of reflecting before during and after teaching in order to help them focus on student learning Another practice is nurturing relationships Teachers shared that building positive relationships with their students was an essential practice The practice of engaging in an action research mindset was also listed as an important practice Teachers were clear that having a question or wondering about student learning was crucial Yet another practice is seeking the perspective of their own students in their journey to the habit of passionate teaching Seeking the student perspective was an essential element of their teaching practice Teachers shared how they sought and acted on the student perspective in both formal and informal ways Finally the practices of listening and questioning were described as being threaded throughout these teachers professional lives Listening was crucial in understanding the student perspective and helped create a classroom culture that led to teachers and students being partners in learning Questioning was described in a very specific way in the context of this book Teachers explained the importance of asking questions they did not know the answer to as an important way to emphasize that answers lay in exploration not in the teacher s head Learning and employing practices of passionate teachers is not an easy process Teacher anecdotes and examples clearly demonstrated a commitment of these veteran teachers to being lifelong learners The teachers whose words are shared throughout this book were clear that being a good teacher means always inquiring about what is working and what isn t and making the necessary adjustments This book is built around stories and insights of teachers who have made a commitment to the habit of passionate teaching This book includes important ideas that teachers reported were key to filling them with hope and helping them understand what it means to be a good teacher In addition the teachers and authors share specific strategies practices and protocols that can be adapted for elementary

secondary and post secondary classrooms This book describes the craft knowledge of the authors and veteran teachers in hopes that other educators can build on the ideas and in the future share their own craft knowledge

Gorlewski, David A. Gorlewski, 2012-09-05 This book provides no answer key If you are looking for one right answer go elsewhere Implicit in the current educational reform movement towards standards and standardization is the belief that the work of teachers is quantifiable that the hours and days of contact time between teachers and students can be reduced to a number that has meaning in short that there is one right answer *Making it Real* Case Stories for Secondary Teachers focuses not on the episodic nature of the standardized test but on those hours and days of contact time that represent the essence of what teachers do on a daily basis Within that context teachers are called upon to make hundreds of decisions each day decisions which require knowledge and expertise about planning learner development content knowledge student assessment and ethical practice among many others These decisions are not made easily and cannot be quantified because they take place in the complex world of human nature and human activity where values and priorities conflict and often clash The teachers administrators and students in *Making it Real* Case Stories for Secondary Teachers represent the day to day situations relationships conflicts and dilemmas that exist in every school No formulas are presented No secrets are revealed Rather the authors provide a template for analysis that encourages readers to place themselves in these real life school settings and consider the causes and consequences of their decisions for themselves their students and society as a whole

Reinventing Paulo Freire Antonia Darder, 2017-06-14 One of the most influential critical educators of the twentieth century Paulo Freire challenged those educational inequalities and conditions of injustice faced by oppressed populations In this new edition of *Reinventing Paulo Freire* Antonia Darder re-examines his legacy through reflections on Freirean pedagogy and the narratives of teachers who reinvent his work The fully revised first part provides important historical political and

economic connections between major societal concerns and educational questions raised by Freire and their link to the contemporary moment including questions tied to neoliberalism coloniality and educational inequalities At the heart of the book is a critical understanding of how Freire's pedagogy of love can inform in theory and practice a humanizing approach to teaching and learning Powerful teacher narratives offer examples of a living praxis committed to democratic classroom life and the emancipation of subaltern communities The narratives clearly illustrate how Freire's ideas can be put concretely into practice in schools and communities These reflections on Freirean praxis are sure to spark conversation and inspiration in teacher education courses Through a close theoretical engagement of Freire's ideas and key insights garnered from lived experiences the book speaks to the ways Freire can still inspire contemporary educators to adopt the spirit of liberatory pedagogy By so doing Reinventing Paulo Freire is certain to advance his theories in new ways both to those familiar with his work and to those studying Freire for the first time
