Langues, identités et insularité : regards sur Mayotte Foued Laroussi, Groupe de recherche sur le plurilinguisme à Mayotte, Malgr son insularité Mayotte a toujours été ouverte aux apports étrangers Sa situation géographique l'entre du canal de Mozambique l'expose à l'arrivée de tous ceux qui empruntent cette voie maritime sans obstacles Historiquement elle a des liens de proximité forts avec les autres îles de l'archipel des Comores et la grande île de Madagascar ce qui explique la présence sur son territoire de deux langues locales l'une d'origine bantoue le shimaore l'autre d'origine malgache le kibushi Celles-ci cohabitent avec la langue institutionnelle et officielle le français Exposée à une démographie galopante une immigration massive et une mondialisation grandissante Mayotte est aujourd'hui en pleine mutation socioculturelle Rassemblé par Foued Laroussi les textes composant cet ouvrage ne portent pas exclusivement sur Mayotte il nous semble pertinent de tenir compte des expériences et actions qui ont été menées dans d'autres pays ou sur des situations linguistiques semblables Par la diversité des regards qu'elles apportent sur Mayotte ces contributions enrichissent le débat sur la situation linguistique mahoraise

Regards sur la France d'Afrique Charles Mangin, 1924 **African Yearbook of International Law / Annuaire Africain de Droit International, Volume 12 (2004)** A. A. Yusuf, 2005-11-01 Founded in 1993 the African Yearbook now published under the auspices of the African Foundation for International Law is the only scholarly publication devoted exclusively to the study

development dissemination and wider appreciation of international law in Africa as a whole Through the scholarly analysis of

international legal issues of particular relevance to the African continent it also contributes to the acceptance of and respect for the rule of law in intra African relations and for the principles of international law in general Its uniqueness however goes beyond this for through its special themes and general articles it has succeeded over the years to serve as an intellectual forum where the development of international law is viewed as being integral to Africa s own development Through the study and analysis of emerging legal issues of particular relevance to Africa such as the creation of viable continental institutions capable of promoting unity and security for the peoples of the continent the effective protection of human rights the need for accountability for mass killings and massive violations of the rule of law the promotion of a rule based democratic culture the role of African countries in a globalizing world economy and in international trade relations the Yearbook strives to be responsive to the intellectual needs of African countries in the area of international law and to the continuing struggle for creating an environment conducive to the rule of law throughout the continent The Yearbook also provides ready access to the basic documents of African international organizations by regularly publishing the resolutions and decisions of regional and sub regional organizations as well as the conventions protocols and declarations adopted by pan african agencies
