Translations Register-index, 1977 **Teacher Performance Assessment and Accountability Reforms** Julie H. Carter, Hilary A. Lochte, 2016-12-20 Winner of the 2017 AESA Critics Choice Book Award This book provides multiple perspectives on the dual struggle that teacher educators currently face as they make sense of edTPA while preparing their pre-service teachers for this high stakes teacher exam The adoption of nationalized teacher performance exams has raised concerns about the influence of corporate interests in teacher education the objectivity of nationalized teaching standards and ultimately the overarching political and economic interests shaping the process format and nature of assessment itself Through an arc of scholarship from various perspectives this book explores a range of questions about the goals and interests at work in the roll out of the edTPA assessment and gives voice to those most affected by these policy changes teacher educators and teacher education students **National Register of Microform Masters**, 1973 **Chemical Abstracts**, 1924 **Current Catalog** National Library of Medicine (U.S.), 1983 First multi year cumulation covers six years 1965-70 Diabetes-Related Literature Index by Authors and by Key Words In the Title, 1960 *Lehrbuch des katholischen und evangelischen Kirchenrechts* Emil Friedberg, 1884 *Buddhahood Embodied* John J. Makransky, 1997-07-31 To enter the Mahayana Buddhist path to enlightenment is to seek both to become free from our dualistic deluded world and to remain

actively engaged in that world until all others are free How are these two apparently contradictory qualities to be embodied in the attainment of buddhahood dharmakaya How can one s present practice accomplish that These questions underlie a millennium old controversy over buddhahood in India and Tibet that centers around a cherished text the Abhisamayalamkara Makransky shows how the Abhisamayalamkara s composite redaction from Abhidharma Prajnaparamita and Yogacara traditions permitted its interpreters to perceive different aspects of those traditions as central in its teaching of buddhahood This enabled Indians and Tibetans to read very different perspectives on enlightenment into the Abhisamayalamkara through which they responded to the questions in startlingly different ways The author shows how these perspectives provide alternative ways to resolve a logical tension at the heart of Mahayana thought inscribed in the doctrine that buddhahood paradoxically transcends and engages our world simultaneously Revealing this tension as the basis of the Abhisamayalamkara controversy Makransky shows its connection to many other Indo Tibetan controversies revolving around the same tension disagreements over buddhahood s knowledge embodiment and accessibility to beings in Buddha nature and through the path Tracing the source of tension to early Mahayana practice intuitions about enlightenment the author argues that different perspectives in these controversies express different ways of prioritizing those practice intuitions
