Regulating Desire From The Virtuous Maiden To The Purity Princess

Lucia Hodgson, Allison Giffen

Regulating Desire From The Virtuous Maiden To The Purity Princess:

Regulating Desire J. Shoshanna Ehrlich, 2014-09-30 Examines the organized efforts to reshape the law relating to young women's sexuality in the United States Starting with the mid nineteenth century campaign by the American Female Moral Reform Society to criminalize seduction and moving forward to the late twentieth century conservative effort to codify a national abstinence only education policy *Regulating Desire* explores the legal regulation of young women's sexuality in the United States The book covers five distinct time periods in which changing social conditions generated considerable public anxiety about youthful female sexuality and examines how successive generations of reformers sought to revise the law in an effort to manage unruly desires and restore a gendered social order J Shoshanna Ehrlich draws upon a rich array of primary source materials including reform periodicals court cases legislative hearing records and abstinence curricula to create an interdisciplinary narrative of socially embedded legal change Capturing the complex and dynamic nature of the relationship between the state and the sexualized youthful female body she highlights how the law both embodies and shapes gendered understandings of normative desire as mediated by considerations of race and class Extremely thorough and very enjoyable to read this book provides an authoritative scholarly voice on its subject matter Alesha E Doan coauthor of *The Politics of Virginity Abstinence in Sex Education*

Regulating Desire J. Shoshanna Ehrlich, 2014-09-30 Starting with the mid nineteenth century campaign by the American Female Moral Reform Society to criminalize seduction and moving forward to the late twentieth century conservative effort to codify a national abstinence only education policy *Regulating Desire* explores the legal regulation of young women's sexuality in the United States The book covers five distinct time periods in which changing social conditions generated considerable public anxiety about youthful female sexuality and examines how successive generations of reformers sought to revise the law in an effort to manage unruly desires and restore a gendered social order J Shoshanna Ehrlich draws upon a rich array of primary source materials including reform periodicals court cases legislative hearing records and abstinence curricula to create an interdisciplinary narrative of socially embedded legal change Capturing the complex and dynamic nature of the relationship between the state and the sexualized youthful female body she highlights how the law both embodies and shapes gendered understandings of normative desire as mediated by considerations of race and class

Growing Up Pure Lauren D. Sawyer, 2025-12-09 By arguing that young people are moral and sexual agents *Growing Up Pure* pushes against the prevailing narrative that white youth especially girls and queer youth are always only victims within evangelical purity culture Provided by publisher [Empire of Purity](#) Eva Payne, 2024-11-12 How the US crusade against prostitution became a tool of empire Between the 1870s and 1930s American social reformers working closely with the US government transformed sexual vice into an international political and humanitarian concern As these activists worked to eradicate prostitution and trafficking they promoted sexual self control for both men and women as a cornerstone of civilization and a basis of American exceptionalism *Empire of Purity* traces the

history of these efforts showing how the policing and penalization of sexuality was used to justify American interventions around the world Eva Payne describes how American reformers successfully pushed for international anti trafficking agreements that mirrored US laws calling for states to criminalize prostitution and restrict migration and harming the very women they claimed to protect She argues that Americans ambitions to reshape global sexual morality and law advanced an ideology of racial hierarchy that viewed women of color immigrants and sexual minorities as dangerous vectors of disease Payne tells the stories of the sex workers themselves revealing how these women s experiences defy the dichotomies that have shaped American cultural and legal conceptions of prostitution and trafficking such as choice and coercion free and unfree labor and white sexual innocence and the assumed depravity of nonwhites Drawing on archives in Europe the United States and Latin America Empire of Purity ties the war on sexual vice to American imperial ambitions and a politicization of sexuality that continues to govern both domestic and international policy today *The Routledge Handbook of Philosophy of Sex and Sexuality* Brian D. Earp,Clare Chambers,Lori Watson,2022-05-23 This Handbook covers the most urgent controversial and important topics in the philosophy of sex It is both philosophically rigorous and yet accessible to specialists and non specialists covering ethics political philosophy metaphysics the philosophy of science and the philosophy of language and featuring interactions with neighboring disciplines such as psychology bioethics sociology and anthropology The volume s 40 chapters written by an international team of both respected senior researchers and essential emerging scholars are divided into eight parts I What is Sex Is Sex Good II Sexual Orientations III Sexual Autonomy and Consent IV Regulating Sexual Relationships V Pathologizing Sex and Sexuality VI Contested Desires VII Objectification and Commercialized Sex VIII Technology and the Future of Sex The broad scope of coverage depth in insight and research and accessibility in language make *The Routledge Handbook of Philosophy of Sex and Sexuality* a comprehensive introduction for newcomers to the subject as well as an invaluable reference work for advanced students and researchers in the field *Fighting the US Youth Sex Trade* Carrie N. Baker,2018-09-27 Campaigns against prostitution of young people in the United States have surged and ebbed multiple times over the last fifty years *Fighting the US Youth Sex Trade* Gender Race and Politics examines how politically and ideologically diverse activists joined together to change perceptions and public policies on youth involvement in the sex trade over time reframing juvenile prostitution of the 1970s as commercial sexual exploitation of children in the 1990s and then as domestic minor sex trafficking in the 2000s Based on organizational archives and interviews with activists Baker shows that these campaigns were fundamentally shaped by the politics of gender race and class and global anti trafficking campaigns The author argues that the very frames that have made these movements so successful in achieving new laws and programs for youth have limited their ability to achieve systematic reforms that could decrease youth vulnerability to involvement in the sex trade **Harvard Law Review: Volume 129, Number 2 - December 2015** Harvard Law Review,2015-12-10 The December 2015 issue Number 2 features these contents Article Intra Agency

The Biopolitics of Childhood in the Long American 19th Century Lucia Hodgson, Allison Giffen, 2025-02-28 This edited collection contends that the figure of the child is foundational to the workings of biopolitical power yet remains undertheorized The study of nineteenth century biopolitics offers a theoretical framework that promises to increase our understanding of how modern democracies manage their subjects Recent scholarship has invigorated interrogations into forms of state governance that operate at the level of population a biological phenomenon defined as a group of individuals linked by racialized fictions of biological commonality This collection seeks to recognize and position critical childhood studies as essential to these interrogations The essays theorize the role of representations of children and childhood as tools of biopolitical governance in America in the long nineteenth century They variously explore how the interrelated and overlapping qualities integral to our understandings of the child and childhood are readily deployed by biopolitical power The collection is organized into three sections that illustrate how these qualities enable the sorting of human beings into populations targeted for reform exploitation and disposal The Introduction and Chapter Six of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Abortion Regret J. Shoshanna Ehrlich, Alesha E. Doan, 2019-02-15 An indispensable resource for students scholars and activists concerned about current attacks on abortion rights this book offers an unmatched account of the emergence consolidation and consequences of the antiabortion movement s paternalistic abortion regret narrative Abortion Regret explores the emergence and consolidation of the

antiabortion movement's paternalistic efforts to protect women from abortion regret. It begins by examining the 19th century physician's campaign to criminalize abortion and traces the contours of the women protective abortion regret narrative through to the 21st century. Based on interviews, textual analysis of primary sources and a content analysis of state antiabortion policy from 2010-2015, the authors argue that the contemporary rise of the abortion regret narrative has armed the antiabortion movement with a unifying and compelling strategy to oppose abortion through a woman-centered approach. In addition to covering the historical origins of our nation's criminal abortion laws, the book covers topics that include the origins and growth of crisis pregnancy centers, including recent efforts to provide perinatal hospice services; an analysis of leading Supreme Court decisions on abortion; the emergence of the pro-woman, pro-life antiabortion platform, including its deeply religious roots; the infiltration of this position into the political and legal spheres in the guise of a secular rationale for limiting access to abortion; and an evidence-based rejoinder to the position that abortion harms women.

Reforming Women Lisa J. Shaver, 2019-02-02 In *Reforming Women*, Lisa Shaver locates the emergence of a distinct women's rhetoric and feminist consciousness in the American Female Moral Reform Society. Established in 1834, the society took aim at prostitution, brothels, and the lascivious behavior increasingly visible in America's industrializing cities. In particular, female moral reformers contested the double standard that overlooked promiscuous behavior in men while harshly condemning women for the same offense. Their ardent rhetoric resonated with women across the country. With its widely read periodical and auxiliary societies representing more than 50,000 women, the American Female Moral Reform Society became the first national reform movement organized and comprised solely by women. Drawing on an in-depth examination of the group's periodical *Reforming Women*, Shaver delineates essential rhetorical tactics, including women's strategic use of gender, the periodical press, anger, presence, auxiliary societies, and institutional rhetoric. Tactics women's reform efforts would use throughout the nineteenth century. Almost two centuries later, female moral reformers' rhetoric resonates today as our society continues to struggle with different moral expectations for men and women.

Reproductive Ethics Lisa Campo-Engelstein, Paul Burcher, 2017-06-10 This book summarizes the contributions at an April 2016 conference held at Albany Medical College. *Reproductive Ethics: New Challenges and Conversations*. Reproductive ethics does not suffer from a lack of challenging issues; yet a few hot-button issues such as abortion and surrogacy seem to attract most of the attention while other issues and dilemmas remain relatively underdeveloped in bioethics literature. The goal of this book is to explore and expand the range of topics addressed in reproductive ethics. This is a multi-disciplinary book bringing together philosophers, clinicians, sociologists, anthropologists, and other scholars whose research or clinical interests touch reproductive issues. The results of this compilation are a comprehensive and unique discussion of the evolving issues in the rapidly changing field. The majority of the popular reproductive ethics anthologies were published at least 10 years ago. The field of reproductive ethics would benefit from a new anthology that addresses some of the perennial dilemmas in reproductive ethics, e.g., abortion, sex selection.

from updated perspectives and that also covers new technologies that have emerged only in the last few years such as social egg freezing

Debating Social Problems Leonard A. Steverson, Jennifer E. Melvin, 2018-09-03 Debating Social Problems emphasizes the process of debate as a means of addressing social problems and helps students engage in active learning The debate format covers sensitive material in a way that encourages students to talk about this material openly in class This succinct text includes activities that promote critical thinking and includes examples from current events

Body Battlegrounds Chris Bobel, Samantha Kwan, 2021-04-30 Body Battlegrounds explores the rich and complex lives of society's body outlaws individuals from myriad social locations who oppose hegemonic norms customs and conventions about the body Original research chapters based on textual analysis qualitative interviews and participant observation along with personal narratives provide a window into the everyday lives of people rewriting the norms of embodiment in sites like schools sporting events and doctors offices

Girls, Moral Panic and News Media Sharon Mazzarella, 2019-11-07 Mazzarella examines the representational politics behind journalistic constructions of US girls and girlhood through a series of contemporary in depth case studies which work to document a wider cultural moral panic about the troublesome nature of girls bodies The public concern and media fascination with youth so evident in the United States today is a century old phenomenon From the flappers of the 1920s to the bobbysoxers of the 1950s from the hippies of the 1960s and on to the ever present pregnant teens this fascination has played out in the media and has consistently focused on primarily White middle class heterosexual girls A growing body of research has revealed the manner in which journalistic practice constructs such girls as problems Girls Moral Panic and News Media takes a broad look at U S news media constructions of girls girlhoods and girls bodies sexualities through a series of contemporary in depth case studies including news coverage of the 2008 Gloucester MA High School pregnancy pact teen gun control activist Emma Gonzalez and the sexualization of early puberty In general the news media constructs girls bodies as troublesome and in need of adult surveillance and policing These case studies document a cultural obsession with girls bodies an obsession that often approaches moral panic This book will be key reading for researchers and instructors in the rapidly growing international and interdisciplinary field of Girls Studies and scholars of Media Studies Cultural Studies Gender Studies Communication and Journalism

America's Religious Wars Kathleen M. Sands, 2019-06-04 How American conflicts about religion have always symbolized our foundational political values When Americans fight about religion we are also fighting about our conflicting identities interests and commitments Religion talk has been a ready vehicle for these conflicts because it is built on enduring contradictions within our core political values The Constitution treats religion as something to be confined behind a wall but in public communications the Framers treated religion as the foundation of the American republic Ever since Americans have translated disagreements on many other issues into an endless debate about the role of religion in our public life Built around a set of compelling narratives George Washington's battle with Quaker pacifists the fight of Mormons and Catholics for equality with Protestants

Teddy Roosevelt's concept of land versus the Lakota's concept of the creation evolution controversy and the struggle over sexuality this book shows how religion throughout American history has symbolized but never resolved our deepest political questions

Abortion Shannon Stettner, Kristin Burnett, Travis Hay, 2017-12-01 When Henry Morgentaler, Canada's best known abortion rights advocate, died in 2013, activists and scholars began to reassess the state of abortion in this country. In *Abortion*, some of the foremost researchers in Canada challenge current thinking by revealing the discrepancy between what people are experiencing on the ground and what people believe the law to be after the 1988 Morgentaler decision. Grouped into four themes: History, Experience, Politics, and Reproductive Justice, these essays showcase new theoretical frameworks and approaches from law, history, medicine, women's studies, and political science as they document the diversity of abortion experiences across the country, from those of Indigenous women in the pre-Morgentaler era to a lack of access in the age of so-called decriminalization. Together, the contributors make a case for shifting the debate from abortion rights to reproductive justice and caution against focusing on choice or medicalization without understanding the broader context of why and when people seek out abortions.

Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **Regulating Desire From The Virtuous Maiden To The Purity Princess**

In a global inundated with displays and the cacophony of immediate conversation, the profound power and emotional resonance of verbal art usually diminish in to obscurity, eclipsed by the continuous assault of sound and distractions.
