Jan-Wouter Zwart, Mark de Vries, 2010-07-29 Structure is at the rock bottom of all explanatory sciences Jan Koster Forty years ago the hypothesis that underlying the bewildering variety of syntactic phenomena are general and unified structural patterns of unexpected beauty and simplicity gave rise to major advancements in the study of Dutch and Germanic syntax with important implications for the theory of grammar as a whole Jan Koster was one of the central figures in this development and he has continued to explore the structure preserving hypothesis throughout his illustrious career This collection of articles by over forty syntacticians celebrates the advancements made in the study of syntax over the past forty years reflecting on the structural principles underlying syntactic phenomena and emulating the approach to syntactic analysis embodied in Jan Koster's teaching and research Documents Relative to the Colonial History of the State of New-York: new ser., v. 2 . notably the failure of neoliberal economic policies and weakened state structures to deliver the jobs standards of living and social services every democratic citizenry has a right to expect The Argentinian collapse and persistent Colombian and Venezuelan crises receive special attention in this regard Cardinal Nguyen Van Thuan Elisabeth Nguyen Thi Thu Hong, Stefaan Lecleir, 2025-03-28 This definitive biography of the heroic life of Servant of God Cardinal Thuan is told by his sister Elisabeth with Father Stefaan Lecleir in the context of his family life priesthood and prison life and the very challenging times in which he lived It focuses especially on his profound spiritual life his great suffering during a thirteen year imprisonment by the Communists his strong capacity for friendship with his enemies and his deep veneration for Christ in the Eucharist Elisabeth also reveals moving miraculous events that she witnessed in his life This inspirational account tells about the cardinal's family and how it played a central role in Vietnam's history including his grandfather who was minister to the emperor and his mother who was a special assistant to his uncle Ngo Dinh Diem president of Vietnam The assassinated Diem is much better understood as the book discusses his deep Catholic faith and strong devotion to his country in extremely difficult circumstances The rich family history shows how Cardinal Thuan came from a lineage of courageous Vietnamese Christians martyrs of the past and present This is a thorough well documented biography of a towering modern spiritual figure It includes numerous testimonies of those who knew him personally and provides unprecedented material on the life of Cardinal Thuan

The Holocaust, Israel and 'the Jew' Evelien Gans, Remco Ensle, 2025-10-01 This book is the first comprehensive study of postwar antisemitism in the Netherlands It focuses on the way stereotypes are passed on from one decade to the next as reflected in public debates the mass media protests and commemorations and everyday interactions The Holocaust Israel and the Jew explores the ways in which old stories and phrases relating to the stereotypical Jew are recycled and modified for new uses linking the antisemitism of the early postwar years to its enduring manifestations in today's world The Dutch case is interesting because of the apparent contrast between the Netherlands' famous tradition of tolerance and the large numbers of Jews who were deported and murdered in the Second World War The book sheds light on the dark side of this so called Dutch paradox in manifestations of aversion and guilt after 1945 In this context the abusive taunt 'They forgot to gas you' can be seen as the first radical expression of postwar antisemitism as well as an indication of how the Holocaust came to be turned against the Jews The identification of the Jew with the gas chamber spread from the streets to football stadiums and from verbal abuse to pamphlet and protest The slogan 'Hamas Hamas all the Jews to the gas' indicates that Israel became a second marker of postwar antisemitism The chapters cover themes including soccer related antisemitism Jewish responses philosemitism antisemitism in Dutch Moroccan and Dutch Turkish communities contentious acts of remembrance the neo-Nazi tradition and the legacy of Theo van Gogh The book concludes with a lengthy epilogue on the Jew in the politics of the radical right the attacks in Paris in 2015 and the refugee crisis The stereotype of the Jew appears to be transferable to other minorities
