**Occupying the Academy** Christine Clark, Kenneth J. Fasching-Varner, Mark Brimhall-Vargas, 2012-08-02 In the wake of the election of President Obama many diversity scholars and practitioners imagined that renewed commitments to educational equity and justice were just around the corner Unfortunately the opposite has become the Obama era reality Across the country equity and diversity workers at all levels in university and colleges but especially Chief Diversity Officers in public institutions are under assault Is this assault a result of a premeditated and carefully calculated conservative political agenda or the unfortunate consequence of how largely white politically conservative and the power bases they represent are expressing their anger about the changing racial landscape in the United States This volume explores and deconstructs the reasons for this assault from various perspectives This volume also illustrates how the national assault on equity and diversity has resulted in a continuum At one end are diversity friendly

institutions that are benignly neglecting equity diversity efforts because of state budget crises At the other end of the spectrum are the deliberate efforts being made to systematically dismantle equity and diversity work in especially politically conservative states

Profiles in Judicial Excellence David A. Hardy, 2025-02-25 The Nevada judiciary began with territorial judges appointed by President Abraham Lincoln and transitioned to elected judges after statehood in 1864 The courts officiated by these judges have influenced the evolution of Nevada from a territory created in the chaos of mining litigation through the expansion of divorce gaming and tourism jurisprudence to what is now a vibrant venue for commercial development and corporate law Along the way the state s judges weighed in on issues of civil liberties

water rights personal injury and a variety of other legal subjects affecting all Nevada citizens The collective work of these courts has solidified the rule of law and allowed Nevadans to live peacefully Until the publication of Judge David A Hardy s Profiles in Judicial Excellence Territorial and Supreme Court Justices of Nevada there has been no single source containing biographies of these influential figures from the state s history from 1861 to 1997 Hardy curates various sources and presents profiles of these judges in sequential order of their service He also examines the influence of territorial judges in the 1864 vote for statehood The Nevada judiciary has played an integral but often unrecognized role in shaping the unique character of the Silver State
