**Section 1: The Power of Media**

Every day, we are surrounded by media. From the shows we watch to the music we play, these things shape how we think, feel, and behave. If you constantly watch violent movies, you might become more aggressive or fearful. If you listen to uplifting music, you may feel more positive. What we consume with our eyes and ears becomes a part of us. Media is not just entertainment—it can also be a tool that influences our thoughts and moods.

**Section 2: Music and Mood**

Music has a powerful effect on the brain. Fast beats can give us energy, while slow, sad songs might make us feel emotional. Studies show that people who listen to calming music tend to feel less stress. Meanwhile, songs with strong lyrics can inspire people to think deeply or even act differently. So, next time you put on your headphones, ask yourself: what message am I allowing into my mind?
