

ANNOTATING A TEXT

Skillful readers annotate as they read. When you annotate a text, you mark the text and write notes or questions in the margins. Annotating will help you keep track of your ideas and questions.

Just as you read with a purpose, you should annotate with a purpose. You can use the following symbols to help you organize your annotations:

- Underline key ideas and major points.
- Write a ? next to anything that is confusing, such as unfamiliar words or unclear information.
- Circle key words or phrases.
- Put an ! next to surprising or important information or information that helps you make a connection.

Read "To Build a Fire" three times. Think about which annotations and notes the reader made during each read.

To Build a Fire

by Jack London

? At twelve o'clock the day was at its brightest. Yet the sun was too far south on its winter journey to clear the horizon. The (bulge of the earth) intervened between it and Henderson Creek, where the man walked under a clear sky at noon and cast no shadow. At half-past twelve, to the minute, he arrived at the forks of the creek. He was pleased at the speed he had made. If he kept it up, he would certainly be with the boys by six. He unbuttoned his jacket and shirt and drew forth his lunch. The action consumed no more than a quarter of a minute, yet in that brief moment the (numbness laid hold of the exposed fingers.) He did not put the mitten on, but, ! instead, struck the fingers a dozen sharp smashes against his leg. Then he sat down on a snow-covered log to eat.

Prove It! Using Textual Evidence, Levels 3-5 Melissa Cheesman Smith, Terri Schilling, 2018-03-01. Knowing how to cite textual evidence is a key component in reading and writing in education today. This resource equips teachers with the strategies they need to teach students how to cite and annotate textual evidence when reading and writing. Primary school students will learn how to find evidence to support their opinions, incorporate that evidence in their writing, and accurately cite their sources. The ten lessons include proper MLA formatting, paraphrasing, the use of credible sources, avoiding plagiarism, and more. Students will apply what they've learned through twenty practice exercises. Citing textual evidence powerfully strengthens students' writing, develops analytical thinking and logic, and readies students for college and career with lessons that are aligned to McREL, TESOL, and WIDA standards.
