TV ADS

BY SARAH STEVENS

I was watching TV the other night and – as usual – there were all those irritating advertisements in the middle of the film, disturbing my concentration! Well, I don't usually take any notice of the ads, in fact I quite often turn the volume down when they're on, as they're so boring. But this time I'm not quite sure what happened to me. One ad caught my attention. It

C a laptop

was for a smartphone, and I was actually thinking of getting one at the time. So anyway, I decided to go for it, and I ordered one. The advertisement made it sound so brilliant! Well, it arrived the next day. It was super fast, and at first I was impressed. However, I really regret it now. I'm not at all happy with it, and I'm sure it's faulty. For example, I texted a friend yesterday and the message went to the wrong person! That's hopeless – and it could be quite embarrassing too. Another thing is, the battery doesn't last for very long. I charged it last night but it's almost dead again already. It's very disappointing, and I hope they give me my money back.

- 1 Sarah usually enjoys the adverts she sees on TV.
