Introduction Sushi is by far the most well known Japanese cuisine and has become extremely popular at a global scale What used to be available only in Japanese restaurants is now readily available in a variety of food establishments grocery stores school cafeterias even gas stations Depending on where you live the sushi you re familiar with could be quite different than the authentic and traditional style originated in Japan But that s the beauty of it The concept of sushi has grown so multiculturally that there s new and interesting fusion creations all the time Although I respect and love the tradition of Japanese sushi it really excites me to see people having fun and exploring new boundaries when making sushi Traditionally in Japan to become a professional sushi chef would require years and years of dedication The first years were spent meticulously learning and repetitive training on cooking rice and preparing vegetables Not to mention the cleaning and maintenance of all supplies equipment and the restaurant itself Often you wouldn t even be able to touch the fish until a few years in Though this tradition has faded away a bit in modern years the culture still does exist and lives on And thankfully so because there s nothing quite like a perfectly crafted piece of nigiri by a traditionally taught master sushi chef But don t worry I m not asking you to dedicate years of your life to learning and crafting your sushi skills Sushi is often seen as a very intimidating cuisine that scares even the best chefs And yes it is a very complex skill filled with traditional techniques that take years upon years to master But don t let that discourage you from even trying I will guide you step by step through the fundamentals of sushi and teach you how to take that skill and make it your own My twenty plus years of training as a sushi chef originally started from my dad who s owned and operated a Japanese restaurant for more than thirty five years He taught me all the fundamentals and guided me throughout the first part of my sushi career I then started my own sushi catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I ve also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn t know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn t know where to start well you chose the right book and I m excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You ll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of

recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there s slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes pun intended *Everyday Delicious* Rocco DiSpirito,2024-04-30 NATIONAL BESTSELLER The 1 New York Times bestselling author and celebrity chef offers fast and flavorful recipes to help anyone cook like a chef in 30 minutes ish or less every day of the week Finding himself at home more during the pandemic and in the hybrid world that followed James Beard Award winning author and chef Rocco DiSpirito rediscovered for the first time in decades the joy of cooking for and savoring weekday meals with his family and friends something that was not a regular occurrence when he was working in a busy restaurant or as celebrity chef on the go Of course as a home cook preparing nightly family meals Rocco also experienced the fatigue of spending hours planning and cooking every night rather than sitting at the table enjoying family and friends That s what inspired this book a collection of 100 no fuss weekday meals to help you cook like a chef every night in about thirty minutes or less Every recipe is full of flavor and is sure to be a hit with the entire family Recipes include many of Rocco s favorites from over the years plus all new dishes as well as classic Italian dishes from his childhood including Mama Nicolina s Cavatelli with Broccoli Rabe and Sweet Sausage Linguine Vongole Everyday Pesto Orzo Caprese Salad Salmon Miso Marmalade Tuna Avocado Furikake Crudo Hot Chili BBQ Ribs and more This book is all about simple ingredients lots of flavor and efficient cooking It s sure to become the essential cookbook for everyday dinners that everyone will love
