love The Complete Idiot's Guide to 20 Minute Meals gives you a variety of recipes that look much more difficult and time consuming than they are Recipes focus on timesaving meals such as using prepared sauces as a base for your dish adding prepared components to your meal and shortcutting time intensive techniques Create terrific appetizers soups salads meat dishes pasta seafood kid favorites vegetables breads sweets and more in under 20 minutes per recipe Complete with time saving techniques and ingredients Chef Dimmick also includes menus for feasts such as Easter Thanksgiving July 4th brunch and dinner for the boss      *The Complete Idiot's Guide to Good Food from the Good Book* Leslie Bilderback, CMB, 2008-03-04 Holy is healthy Learn to transform the natural simple tasty foods mentioned in the Bible into superb easy to make dishes everything from appetizers to main courses side dishes and desserts Each meal features only those ingredients mentioned in scripture or the closest modern equivalent Including explanations about the Kosher rules found in Leviticus and Deuteronomy this guide will help you to eat healthily and deliciously the Biblical way Written by an expert master chef and baker Over 100 delicious recipes including nutritional components Dozens of scripture quotes and interesting historical food facts      *Mastering the Art of French Cooking, Volume 1* Julia Child, Louisette Bertholle, Simone Beck, 2011-10-05 NEW YORK TIMES BESTSELLER The definitive cookbook on French cuisine for American readers What a cookbook should be packed with sumptuous recipes detailed instructions and precise line drawings Some of the instructions look daunting but as Child herself says in the introduction If you can read you can cook Entertainment Weekly I only wish that I had written it myself James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way Mastering the Art of French Cooking offers something for everyone from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine Julia Child Simone Beck and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring green peas Throughout the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations bound to increase anyone's culinary repertoire Julia has slowly but surely altered our way of thinking about food She has taken the fear out of the term haute cuisine She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique and she has elevated our consciousness to the refined pleasures of dining Thomas Keller The French Laundry      **Biró** Marcel Biró, Shannon Kring Biró, 2005 The companion volume to the PBS TV series The Kitchens of Bir shares a selection of more than 125 delicious recipes inspired by the culinary traditions of European continental cuisine including a variety of appetizers amuse bouches soups salads entrees and desserts along with practical advice on cooking techniques and ingredients      **'Tales from the Tale'** Chef Philip Andriano, 2013-11-18 Each recipe is divided into steps of preparation which is the method I'm trying to convey and a list of ingredients required during each step I write each recipe for two servings because if you are as bad at math as I am it is easier to turn a recipe for two

into a recipe for eight than it is to turn a recipe for eight into a recipe for two Also when you try out a recipe you probably want a small audience so I have downsized the recipes for use by the home kitchen chef Each recipe also contains notes for each step These should be referred to before attempting the recipe These notes give some reason behind the directions or act as technical standpoints or safety warnings These notes can provide the reader with enlightenment about the recipe and the method I also want to avoid being strict in recipes The problem with most chefs cookbooks is that they are too technical too egocentric and too inflexible Most recipes are tested in large restaurant kitchens not in the home **Larousse**
