## Roots Of Indifference:

*The Social Production of Indifference* Michael Herzfeld, 1993-10 In this fascinating book Michael Herzfeld argues that modern bureaucratically regulated societies are no more rational or less symbolic than the societies traditionally studied by anthropologists Drawing primarily on the example of modern Greece and utilizing other European materials he suggests that we cannot understand national bureaucracies divorced from local level ideas about chance personal character social relationships and responsibility He points out that both formal regulations and day to day bureaucratic practices rely heavily on the symbols and language of the moral boundaries between insiders and outsiders a ready means of expressing prejudice and of justifying neglect It therefore happens that societies with proud traditions of generous hospitality may paradoxically produce at the official level some of the most calculated indifference one can find anywhere *The Social Production of Indifference* Michael Herzfeld, 2021-01-07 In this fascinating book Michael Herzfeld argues that modern bureaucratically regulated societies are no more rational or less symbolic than the societies traditionally studied by anthropologists Drawing primarily on the example of modern Greece and utilizing other European materials he suggests that we cannot understand national bureaucracies divorced from local level ideas about chance personal character social relationships and responsibility He points out that both formal regulations and day to day bureaucratic practices rely heavily on the symbols and language of the moral boundaries between insiders and outsiders a ready means of expressing prejudice and of justifying neglect It therefore happens that societies with proud traditions of generous hospitality may paradoxically produce at the official level some of the most calculated indifference one can find anywhere *Making Sense of Your World* W. Gary Phillips, William E. Brown, John Stonestreet, 2009-01-01 *Making Sense of Your World* offers a basic accessible introduction to biblical worldview that covers all of these aspects of world view thinking Part One compares the basic worldviews Part Two contrasts and seeks to defend the biblical worldview with the others and Part Three constructs a biblical worldview in four key areas This book is an overview the Christian thinker is invited to continue his or her study through the recommended readings at the end of each chapter an ongoing task Paul labels the renewing of our minds Romans 12:2 *Recapturing Our Homes and Communities* Pasquale De Marco, 2025-05-07 *Recapturing Our Homes and Communities* is a clarion call to action a roadmap for reclaiming our communities and our country from the forces of indifference apathy and ignorance Pasquale De Marco argues that we are facing a crisis of values a loss of faith in our institutions and ourselves This has allowed a small but vocal minority to seize control of the narrative pushing their radical agenda and dividing our country We must not let them succeed We must fight back not with violence or hatred but with the power of ideas and the strength of our convictions *Recapturing Our Homes and Communities* provides a detailed plan for how we can do this It identifies the key challenges we face and offers practical solutions for overcoming them We must reclaim our communities our schools and our media We must hold our leaders accountable and demand that they represent the interests of all Americans not just the special interests We must

rebuild our economy create jobs and ensure that every American has a fair shot at success We must protect our environment our natural resources and our way of life The battle we face is a difficult one but it is not insurmountable If we stand together united in purpose and determination we can overcome any challenge Recapturing Our Homes and Communities is a must read for anyone who cares about the future of our country It is a call to action a reminder that we have the power to make a difference If you like this book write a review on google books

*Subliminal Roots* Jon Yates,2024-01-05 How can one man kill two other men in the same way in different places at the same time What if while investigating something you discovered everything and realised that you knew it all along These two seemingly unrelated questions lead Eddy Pain on a voyage of discovery in the land of Taja a place with a long and complicated history that just won't seem to leave the present alone Eddy is a founding a former militia man and now a legal investigator although strangely he has never investigated where he really came from assuming quite reasonably that he would not like the answer But when the visit of a mysterious woman launches him into the case of two brutal murders the investigation starts to reveal disturbing things to him that he realises he probably already knew Along the way he meets people who all seem to know more about the world and what goes on in it than him or at least think they do A less than politically correct judge a militia captain with a penchant for haute couture a museum curator surrounded by nice items a few task specific gods who are actually just self publicists with a particular skill of some sort and an executioner with job satisfaction issues Eddy's journey through Tajan history and its various dysfunctional institutions leads him to discover that his roots and the roots of the place in which he lives works and occasionally plays are inextricably linked
