*Rosamond Lehmann* Selina Hastings, 2012-02-29 The life of Rosamond Lehmann was as romantic and harrowing as that of any of her fictional heroines Her first novel the shocking *Dusty Answer* became wildly successful launching her career as a novelist and just as her novels depicted the tempestuous lives of her heroines Rosamond's personal life would be full of heartbreaking affairs and lost loves Escaping from a disastrous early marriage Rosamond moved right into the heart of Bloomsbury society with Wogan Philipps Later on she would embark on the most important love affair of her life with the poet Cecil Day Lewis nine years later he abandoned her for a young actress a betrayal from which she would never recover Selina Hastings masterfully creates a portrait of a woman whose dramatic life work and relationships criss crossed the cultural literary and political landscape of England in the middle of the twentieth century [A Study of Rosamond](#)

Lázaro, Catherine O'Leary, 2011-07-12 This volume brings together twelve essays which explore European censorship of English literature in the last century Taking into consideration the various social political and historical contexts in which literary controls were imposed and the extent to which they were determined by national and international concerns these essays comment on political and moral censorship self censorship and the role of the translator as censor Besides systematic state control other hidden and insidious forms of censorship are also surveyed in the essays This study considers why certain works and authors many of them now regarded as canonical were targeted in various states and often under opposing ideologies such as those dominated by conservative Catholic morality and those governed by communism or socialism The essays contain previously unpublished material cover a wide range of authors including Beckett Eliot Joyce and Orwell and analyse diverse censorship systems operating across Europe thus serving as a useful comparative resource Despite the variety of structures of suppression the study shows that certain common practices can be discerned across national borders and that general conclusions can be drawn about the complex and ambiguous nature of the state's relationship with culture and about the immediate and long term impact of censorship not only on the author and publisher but on society as a whole Finally the essays are also significant for what they tell us about the survival of literature despite the best efforts of the censors

*Tales From the Afterlife* Fiona Bowie,2011-03-16 Tales From the Afterlife takes the reader on an imaginative journey through death to the life that awaits us all on the other side Our beliefs thoughts and expectations have a powerful influence on the ease with which we make that transition although help and guidance is always on hand The ten scenarios presented here present a coherent and remarkably consistent picture of the non physical world The result is a powerful affirmation that consciousness survives the death of the physical body and that the meaning and purpose of life is to grow in love *The Poison at the Source* P. Brown,1992-03-10 An examination of a number of English women novelists who portrayed the crises and conflicts in the development of the female consciousness as a response to the anomalies of the rapidly changing world of the early twentieth century when opportunities for self expression and fulfilment were beginning to open up for women but nineteenth century values and prejudices still widely prevailed May Sinclair Radclyffe Hall Rosamond Lehmann Antonia White and Dorothy Richardson are seen as outspoken and innovative writers often marginalised or ignored by serious criticism Living in Time Albert Gelpi,1998 Albert Gelpi explores in three expansive sections the major periods of the poet's development beginning with the emergence of Day Lewis in the thirties as the most radical of the Oxford poets An artist who sought through poetry a way of living in time without traditional religious assurances Day Lewis went further than his friends in seeking to forge a revolutionary poetry out of his commitment to Marxism When Stalinism led to his resignation from the Communist Party Day Lewis in the forties went on to shape a rich fiercely perceptive poetry out of the convergence of the wartime crisis with the explosive events of his own inner life intensified by the erotics of a decade long affair **The Love-charm of Bombs** Lara Feigel,2013-07-09 A portrait of World War II era London by five literary volunteers documents their experiences as ambulance drivers firefighters and other civilian aids through the course of a single night in September 1940 20 000 first printing *Rosamond Lehmann* Ruth Siegel,1989 Rosamond Lehmann the British novelist was born 1901 into the privileged upper middle class life of Edwardian England but came of age during the disillusioned years between the

two world wars Intellectual discerning and poetic she was very much part of the Oxbridge trained generation of Auden Isherwood and Spender But her distinct point of view offered a feminine counterpart to their perceptions and made hers one of the outstanding female fictional voices of the time This study reintroduces Rosamond Lehmann to American readers exploring her life her novels and the social and psychological insights she found in her search for enduring values during a time of ferment     **Literature as History** Simon Barker,Jo Gill,2010-01-26 New essays by a range of leading theorists on the interdisciplinary study of literature and history     John Galsworthy's Life and Art James Gindin,2015-12-22
