Ancient Egyptian Jewellery Alix Wilkinson, 2016-10-18 First published in 1971 this book was the first major survey ever made in this field It includes all the main museum collections in the world and enables comparative study of almost all the known jewellery from predynastic times to the end of the XXVIth Dynasty 525 B C to be made The jewellery of the ancient Egyptian civilization was of a delicacy and magnificence seldom rivalled much has been learned by comparing the jewels themselves and the techniques and materials of those who made them But this book draws also on other branches of Egyptian art since paintings and sculpture sometimes provide evidence showing how the jewellery was made and worn Each section opens with a brief history of the period reviewed and an account of the manner in which the individual jewels were discovered both of which help those readers unfamiliar with Egyptological matters The key pieces are described in detail and the text is generously illustrated with line drawings and plates An indispensable reference book for all those with an interest in the art of ancient Egypt

The Iconography of Humiliation in New Kingdom Egypt Mark D. Janzen, 2024-11-26 This volume analyzes the iconography of bound foreigners on New Kingdom monuments and artifacts to better understand Egyptian perspectives on foreigners and their treatment of prisoners of war Depictions of foreign captives in humiliating or torturous poses are ubiquitous in Egyptian iconography and reflect the celebratory nature of royal ideology in this case by degrading enemies Egyptologists have scrutinized these scenes for details regarding various military matters but existing scholarly literature offers few studies focused on enemy captives and the sheer physical brutality of the depictions of their bindings Janzen examines the bound foreigner motif in New Kingdom sources demonstrating that these prisoners of war played vital roles in Egyptian ideology and religion Their depictions in bizarre or torturous poses served to reinforce ideological underpinnings of pharaoh's right to rule perpetually ritualizing their defeat and or punishment through the presence of this iconography on ceremonial objects used primarily by the king and on temple walls and monuments The subjugation of foreigners also constituted an important economic function as incorporating prisoners of war into the Egyptian workforce was crucial for economic prosperity and growth in New Kingdom Egypt The volume also explores cross cultural and anthropological parallels placing Egyptian treatment of foreign prisoners in its ancient context The book provides a fascinating study of the subject suitable for scholars and students of Egyptology and ancient history particularly that of New Kingdom Egypt as well as those working on power warfare and violence in the ancient world more broadly
