,1908 *Mass Supervision* Vincent Schiraldi,2023-09-12 With a foreword by Bruce Western Named one of the Best Books of
the Year by NPR Shortlisted 2024 Stephan Russo Book Prize for Social Justice The most comprehensive critique of probation
and parole and a provocative and compelling argument for abolishing both from the former Probation Commissioner of New
York City Imagine if probation didn t exist And I came to you with 80 million and 30 000 people the courts considered
troubled and troubling And you could do anything you wanted with that money to make New York City safer and help people
turn their lives around Would you go out and hire a thousand civil service protected bureaucrats to supervise people as they
piss in a cup once a week and to tell them to go forth and sin no more Vincent Schiraldi s Job Interview with NYC Mayor Mike

Bloomberg We've heard a lot in recent years about the nearly 2.1 million people incarcerated in American prisons and jails. But what about the approximately 4 million more who are on probation and parole, monitored by the state at great expense and at risk of being sent to prison at the whim of a probation or parole officer for the least imaginable infraction? Vincent Schiraldi was New York City probation commissioner under Mayor Bloomberg, supervising a system charged with monitoring 30,000 people on a daily basis. In *Mass Supervision*, he combines firsthand experience with deep research on the inadequately explored practices of probation and parole to illustrate how these forms of state supervision have strayed from their original goal of providing constructive and rehabilitative alternatives to prison. They have become, instead, Schiraldi argues, a recidivism trap for people trying to lead productive lives in the wake of a criminal conviction. Schiraldi offers the first full and up-to-date account of these two key aspects of our criminal justice system, showing that these practices increase incarceration, have little impact on crime rates, and needlessly disrupt countless lives. Ultimately, he argues, they should be dramatically downsized or even abolished completely.

Patterson, 2013-07-03

The criminal justice system, with its complex policies and procedures and its focus on deterrence, punishment, and rehabilitation, can be a difficult system to understand. *Social Work Practice in the Criminal Justice System* presents an overview of the criminal justice system, exploring the network of systems which comprise it. Integrating social work values and a commitment to social justice, this textbook explores how social workers can practice to address social problems within the criminal justice system and promotes the development of knowledge, skills, and critical reflection in this increasingly important area of practice. In addition to covering the four key areas for social work practice—law enforcement, courts, corrections, and legislation—it covers alternative programs and services, special populations such as juveniles, women, and sex offenders, and special topics such as reoffending, wrongful conviction, and racial disparities. The application of evidence-based practice principles in criminal justice, looking at the challenges and opportunities of social work practice in the criminal justice system, this is the ideal text for social work instructors, students, and practitioners working with or within the criminal justice system. Each chapter includes a summary of social work practice implications, key terms, and suggested further reading.
