Dellavecchia,2012-07 This family cookbook morphed into much more for me during the writing process It began by contacting friends and family to collect recipes for what I thought would be a simple process During those conversations and with my own memories a flood of personal history evolved in my mind What began as a repository of food recipes became much more to me and I decided to collect the process in the form of this book The Diary of a Mad Chef to also include photos of those people and selected short stories Food has always been the center of our family s common narrative thread and I attempted to place the face and the stories of my friends and family with the recipes as I remember them Along with the feedback and photos from my friends and family it became a two year long effort to compile edit and publish this book The journey has been a magnificent experience for me and I am grateful to have had the time and opportunity to write this book
