Good Time Vanessa Lavorato, 2025-04-15 Cook delicious dishes with cannabis like never before and take each meal to new heights with recipes that are sure to delight stoners and newcomers alike. Recreational cannabis use is now legalized in nearly half of the United States and medicinal use is legalized in most states but for so many people edibles are the preferred method. For some smoking is too harsh on their lungs while others find it more fun to eat their weed. Plus the high you get from consuming cannabis in food can be stronger and more sustained versus the immediate and sometimes overwhelming rush you might get from smoking it. While most dispensaries sell gummies and possibly infused chocolates there's so much more you can do with weed at home and that's what *How to Eat Weed and Have a Good Time* is here to prove. Author and host of VICE's *Bong Appetit* Vanessa Lavorato is teaching you how to create sweet and savory cannabis dishes right in your home kitchen. After crafting 200 certified lab tests in her research to help ensure that the infusions for staples like cannabis butter, oil, sugar and more are as accurate as possible, Vanessa walks you through every step of the process with informative tables and charts making this book incredibly useful and wildly popular. With dazzling photography throughout the book includes delicious recipes like taquitos, wontons, meatballs, granola, muffins, cookies, blondies, brownies, cupcakes and more. There are also recipes for dips, dressings and sauces from salsa to pesto to marinara, many of which can be prepared in advance and stored in the fridge or freezer for when you want to take a dish to new heights. And for when you want to drink your weed, there are recipes for milkshakes, chai, iced tea and even a Bloody Mary. This book is packed with tips and advice throughout on topics like how weed gets people high, using everything from your stove to your microwave for decarboxylation, heat, activates cannabis, cooking with concentrates and shopping for weed. This is the most authoritative book ever published on the subject of cannabis consumption. **They Call Me Naughty Lola** David Rose, 2006-11-28 I've divorced better men

This is Cannabis Nick Brownlee,2011-08-01 In the 4700 years since its first recorded use cannabis has been respected as a highly useful source of fibre food and medicine and vilified as a social menace Society in the 21st century seems to be of both opinions doctors spend millions exploiting its medicinal value and thousands of people travel to Amsterdam each weekend to sit in cafes to smoke copious amounts of dope free from molestation yet taking less than 30g 1oz back into their own countries is an offence and public figures who admit to smoking cannabis in their youth claim that they did so without inhaling This Is Cannabis does not preach the benefits or the deficits of cannabis instead it aims to provide the facts about cannabis in an authoritative straightforward way outlining the history laws and culture that have accreted around it its effects on health and the booming commercial potential
