Recipe For Smashed Garlic Potatoes:

100 Recipes America's Test Kitchen, 2015-10-13 A provocative handpicked collection of relevant and surprising essential recipes for today's cook. We have countless recipes at our disposal today, but what are the real keepers—the ones that don't just feed us when we're hungry or impress our friends on Saturday night but inspire us to get into the kitchen? At the forefront of American cooking for more than 20 years, the editors at America's Test Kitchen have answered this question in an essential collection of recipes that you won't find anywhere else: *100 Recipes Everyone Should Know How to Make*. Organized into three recipe sections: Absolute Essentials, Surprising Essentials, and Global Essentials, each recipe is preceded by a thought-provoking essay that positions the dish. For example: Treating Pasta Like Rice Simplifies Everything, A Covered Pot Is a Surprisingly Good Place to Roast a Chicken, and Reimagine Pie in a Skillet to Simplify the Process. You'll find useful workday recipes like a killer tomato sauce that's almost as easy as opening a jar of the store-bought stuff, genius techniques for producing amazing flavor (try poaching chicken breasts over a garlic and soy-spiked brine), trust us, it's that good, and familiar favorites reinvigorated (the best beef stew comes from Spain and it's even easier to make than the stateside stew you've been eating for years). Gorgeous photography shot right in the test kitchen accompanies every recipe, revealing the finished dish as well as highlights of its preparation. Likely to stir debate among anyone interested in food and cooking, *100 Recipes Everyone Should Know How to Make* provides a snapshot of how we cook today and will galvanize even the most jaded cook to get into the kitchen.

1,001 Best Low-Carb Recipes Sue Spitler, 2015-12-21 A redesigned and reformatted version of a title now returning to print, *1,001 Best Low Carb Recipes* is an extensive collection of great dishes for the health-conscious home cook looking for more low-carb options. Enlarged and beautifully repackaged, this book features a broader, more useful format that sits flat when open for maximum convenience. A 2014 randomized trial by the National Institutes of Health found that participants on a low-carb diet experienced greater weight loss than those on a low-fat diet. The prevalence of Celiac Disease and gluten sensitivity has increased our interest in gluten-free recipes, while the popular paleo diet has led us to avoid dishes bloated with carbs. Above all, the recipes in the cookbook prove that a low-carb diet does not have to be bland or boring. Recipes include Caribbean Potato Salad, Sesame Shrimp Stir Fry, and some surprises like Black Bottom Pie and Soft Molasses Cookies. The award-winning *1,001* cookbook series, which has sold 750,000 copies across all titles, has earned its popularity through carefully curated and tested recipes as well as by featuring complete nutritional data. This book is the perfect compendium for those looking for a wide variety of gluten-free and paleo-friendly meals.

3-Ingredient Slow Cooker Recipes Suzanne Bonet, 2005-10-01 People love the convenience of their slow cookers. What could be better than walking in the door after a hard day's work to the smell of beef stew ready and waiting? A beef stew that only requires three ingredients? That's what. The problem with most slow cooker recipes is that they require lots of ingredients and steps before you actually fix it and forget it. Not this book—these are truly simple recipes, and best of all, they are memorable, not mushy. You
