Relics From The Future Far Flung 2:

The Road to Assisi Paul Sabatier, 2003-05-31 He conversed with both the Pope and the sultan He transformed a taste for fine things and troubadour poetry into greater loves for poverty and joyful devotion to God He never intended to found a traditional religious movement but nevertheless he did As he died his brothers had to guard him closely in fear that someone would try to snatch the body of this living saint Who was Francis of Assisi Where did he come from and what can we learn from his life Paul Sabatier 1858 1928 a French Protestant and the first modern biographer of St Francis sought to find the man beneath the layers of myth and legend Sabatier portrayed a fully human Francis much like each of us in our awkwardness insecurities and fear but also a gentle mystic and passionate reformer who desired to live as Jesus taught his disciples *The Road to Assisi* presents Sabatier's biography for today's twenty first century reader With helpful explanations and annotations by Jon M Sweeney Sabatier's narrative is supplemented with the insights of many other scholars and writers from Bonaventure and Dante to G K Chesterton and Umberto Eco Visit Jon Sweeney's blog at www.jonmsweeney.wordpress.com
