Reminiscences Of A Stock Operator Illustrated:

The Reminiscences of a Stock Operator Collection Edwin Lefèvre, Jon D. Markman, 2012-05-04 A classic collection of titles featuring one of the world's greatest traders Jesse Livermore. Jesse Livermore won and lost tens of millions of dollars playing the stock and commodities markets during the early 1900s at one point making ten million dollars in one month of trading an astronomical sum for this time. His ideas and keen analyses of market price movements are as true today as they were when he first implemented them. Now for the first time ever The Reminiscences of a Stock Operator Collection brings together three classic titles based on this unique individual and offers profound insights into his motivations, attitudes, and strategies. Reminiscences of a Stock Operator, the fictionalized biography of Jesse Livermore, has endured over seventy years because traders and investors continue to find lessons from Livermore's experiences that they can apply to their own endeavors. Reminiscences of a Stock Operator Illustrated Edition reproduces the original articles by Edwin Lefèvre and drawings by M. L. Blumenthal published in the Saturday Evening Post in the 1920s. Reminiscences of a Stock Operator Annotated Edition bridges the gap between Edwin Lefèvre's fictionalized account of Livermore's life and the actual historical events, places, and people that populate the book. Throughout the book, there are notes that detail the actual companies, people, or situations that Livermore encountered. Engaging and informative, this collection provides a complete picture of Livermore's life and trading strategies and offers tremendous value to today's serious investor or trader. But that's not all. He goes broke again only to make more than the 28 million he once had. Reminiscences of a Stock Operator by Edwin Lefèvre is a riveting story, a battle of courage, cleverness, and equanimity. Livermore didn't have anybody to learn from. He improved through his mistakes. But you can learn from his mistakes and his ace trades. This edition is very easy to read as it has the following bonus material: To find passages easily, Descriptive Table of Contents, Top Quotes section, Summary by Chapter section, Index, Value added features: Dollar quantities in 2020 dollars, besides the original Graph depicting Jesse Livermore's wealth through time, Graph of the S P Composite annotated with the macro events in the book. of the board of directors Dan was not only Alvin Marquand's closest friend but he had been kind and generous to me. He had shown his faith in me and confidence in my word. I couldn't do less than to thank him. And so my feelings again won over my judgment and I gave in. To subordinate my judgment to his desires was the undoing of me. Gratitude is something a decent man can't help feeling but it is for a fellow to keep it from completely tying him up. The first thing I knew I not only had lost all my profit but I owed the firm one hundred and fifty thousand dollars besides. I felt pretty badly about it but Dan told me not to worry.
