The Road to Wigan Pier Revisited Stephen Armstrong, 2012-03-08 You think that the recession isn't biting? Look again. You think that the riots in August 2011 were unpredicted? Think again. 75 years after George Orwell's classic expose on life in the North, Stephen Armstrong returns to find that many things have changed but not always for the better. Here he finds how young girls go missing because of the intransigence of the benefits system, how fragile hope can be in the face of poverty, and why the government stands in the way of a community helping itself. In his journey taking in Bradford, Sheffield, Liverpool, and Wigan, Armstrong reveals a society at the end of its tether, abandoned by all those who speak in its name. **Television Digest, with Consumer Electronics**, 1990 *Practicing Circular Economy* Prasad Modak, 2021-06-24 Circular Economy (CE) is considered as one of the important strategies in addressing Sustainable Development Goals. *Practicing Circular Economy* provides an overview of CE, covering its evolution, describing the key concepts, programs, policies, and regulations.
