Alan Lawson, 2006-07-24 Did the New Deal represent the true American way or was it an aberration that would last only until the old order could reassert itself This original and thoughtful study tells the story of the New Deal explains its origins and assesses its legacy Alan Lawson explores how the circumstances of the Great Depression and the distinctive leadership of Franklin D Roosevelt combined to bring about unprecedented economic and policy reform Challenging conventional wisdom he argues that the New Deal was not an improvised response to an unexpected crisis but the realization of a unique opportunity to put into practice Roosevelt's long developed progressive thought Lawson focuses on where the impetus and plans for the New Deal originated how Roosevelt and those closest to him sought to fashion a cooperative commonwealth and what happened when the impulse for collective unity was thwarted He describes the impact of the Great Depression on the prevailing system and traces the fortunes of several major social sectors as the drive to create a cohesive plan for reconstruction unfolded He continues the story of these main sectors through the last half of the 1930s and traces their legacy down to the present as crucial challenges to the New Deal have arisen Drawing from a wide variety of scholarly texts records of the Roosevelt administration Depression era newspapers and periodicals and biographies and reflections of the New Dealers Lawson offers a comprehensive conceptual base for a crucial aspect of American history **The Reluctant Communist** Charles Robert Jenkins, Jim Frederick, 2008-03-25 This fast paced harrowing tale told plainly and simply by Jenkins with journalist Jim Frederick takes the reader behind the North Korean curtain and episode by episode reveals the inner workings of its isolated society Jenkins' mounted numerous failed escape attempts was indoctrinated against his will into North Korea's communist cadre system and endured hunger cold and isolation His loneliness was relieved in 1980 by his marriage to Hitomi Soga a young Japanese woman whom the North Koreans had abducted as part of a wider campaign to teach Japanese to future spies Jenkins' account of their life together and as parents of two daughters as well as their improbable journey to freedom which began in 2002 brings this story to a close Four decades in the world's least known least visited and least understood land profoundly changed him his memoir now offers the reader a powerful testament to the human spirit **BOOK JACKET** *Image and Hope* Yaroslav Viazovskii, 2016-02-25 Developments in biblical studies neurosciences and Christian philosophy of mind force theologians to reconsider the traditional concept of the immortal soul At the same time the concept itself tends to create axiological dualism between the body and the soul that in turn may lead to insufficient appreciation of the physical life in this world A more holistic approach to the ontology of human beings is

required The aim of this study is to analyse the function of the concept of the soul in the dualistic anthropology of John Calvin and to compare it to the holistic anthropology of Karl Barth in order to answer the question of whether the transition from one to the other is possible without the loss of the functions fulfilled by the soul
