Learning objectives, assignments, and assessments are designed to ensure that students will be able to:

\_\_\_\_\_

Developing an understanding of mathematical concepts  
Solving problems with precision and accuracy  
Using problem-solving in multiple ways and situations involving

100

Development of an understanding of the concept of a function, and the ability to use it to model real-world situations, is a key goal of the course. This is achieved through a combination of direct instruction, problem-solving, and group work.
