Innovations in Science and Technology Education, 1990 *Zimbabwe Books in Print*, 1993 **Science and Technology Education in Africa** Duro Ajeyalemi, 1990 *Advancing Sustainable Science and Technology for a Resilient Future* Sai Kiran Oruganti, Dimitrios A Karras, Srinesh Singh Thakur, 2024-07-01 The Industrial Internet of Things IIoT has become an effective tool with significant implications for industrialisation and Market Research MR especially in the field of green production Green IIoT GRIIoT can be used to implement Green Production GP goals for the environment The purpose of this study is to examine the drivers behind the adoption of GIIoT MR and industrialization decision making as well as the effects these drivers have on industrialization performance IP A structured questionnaire was used to gather information in order to evaluate the suggested study paradigm The results indicate that institutional isomorphism influences the acceptance of GRIIoT in a favorable way Furthermore Green innovation GI activities that result in IP are favorably correlated with GIIoT The potential effects of the various institutional isomorphisms discussed in this study can aid organizations in better understanding the responsibilities to protect and satisfying stakeholders particularly as the adopt GIIoT to handle production problems and possible accordance pressures in the process **Educafrica**, 1988 **Occasional Papers**, 1993

Artificial Intelligence and Information Technologies Arvind Dagur, Dharendra Kumar Shukla, Nazarov Fayzullo Makhmadiyarovich, Akhatov Akmal Rustamovich, Jabborov Jamol Sindorovich, 2024-07-31 This book contains the proceedings of a non profit conference with the objective of providing a platform for academicians researchers scholars and students from various institutions universities and industries in India and abroad and exchanging their research and innovative ideas in the field of Artificial Intelligence and Information Technologies It begins with exploring the research and innovation in the field of Artificial Intelligence and Information Technologies including secure transaction monitoring real time assistance and security for advanced stage learners researchers and academicians has been presented It goes on to cover Broad knowledge and research trends about artificial intelligence and Information Technologies and their role in today s digital era Depiction of system model and architecture for clear picture of AI in real life Discussion on the role of Artificial Intelligence in various real life problems such as banking healthcare navigation communication security etc Explanation of the challenges and opportunities in AI based Healthcare education banking and related Industries Recent Information technologies and challenges in this new epoch This book will be beneficial to researchers academicians undergraduate students postgraduate students research scholars professionals technologists and entrepreneurs Education and Development in Zimbabwe Edward Shizha, Michael T. Kariwo, 2012-01-01 The book represents a contribution to policy formulation and design in an increasingly knowledge economy in Zimbabwe It challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education The nexus between education democracy and policy change is a

complex one The book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the Zimbabwean experience The book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on Zimbabwe s colonial and postcolonial education Currently literature on current educational challenges in Zimbabwe is lacking and there is very little published material on these ideological effects on educational development in Zimbabwe This book is likely to be one of the first on the impact of social political and economic meltdown on education The book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in Africa particularly Zimbabwe Notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community Shizha and Kariwo s book is an important and illuminating addition on the effects of social political and economic trajectories on education and development in Zimbabwe It critically analyses the crucial specifics of the Zimbabwean situation by providing an in depth discourse on education at this historical juncture The book offers new insights that may be useful for an understanding of not only the Zimbabwean case but also education in other African countries Rosemary Gordon Senior Lecturer in Educational Foundations University of Zimbabwe Ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in Zimbabwe This engagingly written portrayal will prove illuminating not only to readers interested in Zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education Handel Kashope Wright Professor of Education University of British Columbia

Gittins,2012-12-06 Relationships between sets of variables of different kinds are of interest in many branches of science The question of the analysis of relationships of this sort has nevertheless rather surprisingly received less attention from statisticians and others than it would seem to deserve Of the available methods that address ing the question most directly is canonical correlation analysis here referred to for convenience as canonical analysis Yet canonical analysis is often coolly received despite a lack of suitable alternatives The purpose of this book is to clarify just what may and what may not be accomplished by means of canonical analysis in one field of scientific endeavor Canonical analysis is concerned with reducing the correlation structure between two or more sets of variables to its simplest possible form After a review of the nature and properties of canonical analysis an assessment of the method as an exploratory tool of use in ecological investigations is made Applications of canonical analysis to several sets of ecological data are described and discussed with this objective in mind The examples are drawn largely from plant ecology The position is adopted that canonical analysis exists primarily to be used the examples are accordingly worked through in some detail with the aim of showing how canonical analysis can contribute towards the attainment of ecological goals as well as to indicate the kind and extent of the insight afforded **Development of Education** Zimbabwe.
