This PowerPoint contains all questions matched with their answers for OCR B Chemistry Unit F332 from June 2009 to January 2013. It also includes the specimen paper.

## How to search for a question

1. Identify the specification point you want to find from the **OCR B-F332-Specification points** document.
2. Click **Find** in the tool bar.
3. Enter the code for the specification point and cycle through the different questions.
4. You can search for individual specification points or all the questions in that group. For example, searching for AT3i will give you the questions on how concentration affects the rate of reaction. Searching for AT3 will give you all questions on rate of reaction.
5. Copy and paste the question where you want it.
6. The questions are cut up into individual sections so you can combine different parts of the question to suit you.
