Perception is reality. If you are  
perceived to be something, you  
might as well be it because

## **Perception Is Reality:**

*Perceptions of Reality* Gregory Calise, 2003 Although we are all living in the same world we are simultaneously each living in our own separate universe where each person observes himself as the center of that universe Each person has a unique conditioning and belief structure that create his perspective in which he views reality The world then interfaces with each person to create a reality that conforms to his beliefs A person's conditioning and beliefs affect his attitudes and emotions which then magnetize certain energies that resonate to his state of being In this way each individual is creating a separate reality according to his perceptions of truth What we perceive as reality is only the surface of a much deeper and greater truth Beyond the apparent world lies the essence of life and a vast kingdom of hidden knowledge Our conditioning and beliefs bind us to a certain perspective in which we view our reality Perceptions of Reality show us how we can break free of the bondage of our conditioning that holds us in a life of mediocrity When we become free from this bondage we can change our perspective which in turn changes our perceptions From a higher perspective we can see the larger picture of our lives and the world We will see the circumstances that have created our present reality and the relationships of events and experiences that were previously beyond our horizons of perception From this higher perspective we will perceive the world in a new light It will change before our eyes and interface with us in a new and more positive way We will be able to take control of our lives change our destiny and shape a new future From this higher state of awareness we will discover the portal to access the abstract mind which is the mental function of genius and the doorway to revelation From the perspective of revelation we will open the doors into the absolute realms beyond material time and space and describes the perceptions of God the soul the world and the paths to higher consciousness Perceptions of Reality will show us how to access the abstract mind and open the doorways into revelation creating a new reality full of abundance harmony and joy *Sense Perception and Reality* Rochelle Forrester, 2014 [Perception Vs Truth: Spirituality In Simple Words](#) Eyal Cohen, 2021-02-22 By opening your mind you can change your life in 180 degrees making the phrase Everything is in your head more important than ever The perception of reality steers our thoughts feelings the choices we make and the way we live our life It is the underlying reason why our lives are the way they are People who never examine their point of view of the world miss the chance to significantly change their lives What shapes our perception is the country we live in society culture religion parents teachers and publications like the internet television movies radio newspapers and literature Many people are misguided by their perceptions which constantly get them into problems This book Perception vs Truth was born as a result of that insight As the name suggests much of the reality we take for granted in our lives simply isn't true Perception vs Truth is a wake up call for all of us It is a fascinating read full of interesting insights It is a spring to quench one's thirst for knowledge and understanding It can open your mind to different ways of thinking new feelings and novel behavior Perception vs Truth is a reminder that our lives can change just by changing the way we're perceiving it [The Psychic](#)
