

Sturbridge Police Department Policy Manual Standard Operating Procedure

Chapter: 300 – Field Operations

Section: 300 – 1 Eyewitness Identification

Authorized by: Chief Thomas J. Font III

Effective Date: 1/13/2012

MPAC Standards: 1.2.3, 42.2.3

Revision Number/Date: 1 – 1/13/2012

I. General Considerations and Guidelines

Police identification procedures are an important consideration for establishing the identity of a criminal offender. They are equally significant in clearing an innocent suspect. The police must, therefore, be careful to ensure that their eyewitness identification procedures are not conducted in an unnecessarily or impermissibly suggestive manner and that they do not contribute to mistaken identification.

Many people who have been convicted of serious crimes, only to later be exonerated by scientific evidence, were originally convicted based in large part on mistaken identification by a witness. Eyewitness misidentification is the single greatest cause of wrongful convictions nationwide, playing a role in over 75% of convictions overturned through DNA testing. This department recognizes that it is as much the responsibility of the police to protect the innocent from conviction as it is to assist in the conviction of the guilty. The identification of criminal offenders must be approached with extreme caution as the court may exclude evidence if it is improperly obtained, if improper identification procedures are used, a court may not only exclude the out-of-court identification, but can also, in certain circumstances, exclude subsequent in-court identification. The court will carefully examine the identification procedure and the manner in which it was conducted to determine whether the police influenced the witness, intentionally or unintentionally.

II. Policy

A. It is the policy of the Sturbridge Police Department that:

1. Eyewitness identifications of potential criminal suspects shall be conducted in a fair, objective, and non-suggestive manner.
2. Persons subjected to procedures which are intended to lead to the identification of persons who are suspected of or charged with criminal offenses are afforded their Sixth Amendment right to counsel, when required.
3. The Due Process provisions of the Fifth and Fourteenth Amendments, which require identification procedures utilized by the police to comply with standards of fairness so as not to be unduly suggestive, are observed.

Police Standard Operating Procedures Manual

James J. Chriss

Police Standard Operating Procedures Manual:

Model Police Department Manual Standard Operating Procedures Harry N. Hammontree, 1980 **FBI Law Enforcement Bulletin**, 1994 **FBI Law Enforcement Bulletin** United States. Federal Bureau of Investigation, 1935
Standard Operating Procedure Manual, 1970* **Document Retrieval Index**, 1972 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979 *Pressing the Police and Policing the Press* Scott Memmel, 2024-06-28

In the second half of 2020 and continuing into 2021 protests against racial injustice spread across the United States after the death of George Floyd while in the custody of Minneapolis Police Department officers. Members of the press covered these demonstrations documenting what transpired and conveying the important messages involved. In so doing, the news media held law enforcement accountable through critical reporting on the actions of the police with police officers responding in part by intimidating journalists in the field using force and arrest in the name of keeping the peace and protecting the public from further harm. What transpired during this troubled time cast a bright light on the contemporary relationship between the press and police in the United States. The relationship between these two fundamental institutions is however a long and complicated one dating back to colonial British North America. In the mid 19th century 1830s 1850s both the press and the police began to take their modern forms and since then have continued to develop routinely interacting with each other as journalists and police officers often found themselves responding to the same crimes and events. At times members of both institutions managed to co exist or even cooperate and made efforts to help one another while at other times they butted heads to the point of conflict. The professional boundaries between journalists and police officers seemingly blurred. As both the press and the police have fallen under deep scrutiny in more modern times the present moment marks what is perhaps an opportune time to focus on the political economic social and technological problems they face. In *Pressing the Police and Policing the Press* Scott Memmel offers the first book length study of the history and legal landscape of the press police relationship. Each chapter focuses on interactions between the press and the police during a particular era introducing relevant societal context and how both institutions evolved and responded to that context. Memmel concludes his study with recommendations on how going forward the press and the police might work together to tackle some of the similar issues they face and better serve the public. *FBI National Academy Associates Newsletter*, 1988 **Omaha Police Department Standard Operating Procedure Manual** Omaha (Neb.). Police Department, 1992 **U.S. Government Research & Development Reports**, 1970 **Beyond Community Policing** James J. Chriss, 2015-12-03

Beyond Community Policing uses history and general sociological theory to examine the trajectory of municipal policing from Britain in the 1830s to its adoption and evolution in the America. By analysing the uncertain and uneven historical development of policing this book illustrates in great detail the functional connections between cities or communities and police departments. Chriss also considers the development of municipal policing in the

American West between 1850 and 1890 which helps to situate the current discussion of policing in the post 9 11 United States
