Politically Incorrect Guide to American History Thomas E. Woods, 2004-01-04 The problem in America isn't so much what people don't know the problem is what people think they know that just ain't so Thomas E Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information The Politically Incorrect Guide to American History makes it quite clear that liberal professors have misinformed our children for generations Professor Thomas E Woods Jr takes on the most controversial moments of American history and exposes how history books are merely a series of clichés drafted by academics who are heavily biased against God democracy patriotism capitalism and most American family values Woods reveals the truth behind many of today's prominent myths MYTH The First Amendment prohibits school prayer MYTH The New Deal created great prosperity MYTH What the Supreme Court says goes From the real American revolutionaries to the reality of labor unions The Politically Incorrect Guide to American History is all you need for the truth about America objective and unvarnished *The Politically Correct Guide to American History* Edward P.

The Wild West was more peaceful and a lot safer than most modern cities And the biggest scandal of the Clinton years didn't involve an intern in a blue dress Surprised Don't be In America where history is riddled with misrepresentations misunderstandings and flat out lies about the people and events that have shaped the nation there's the history you know and then there's the truth In 33 Questions About American History You're Not Supposed to Ask Thomas E Woods Jr the New York Times bestselling author of The Politically Incorrect Guide to American History sets the record straight with a provocative look at the hidden truths about our nation's history the ones that have been buried because they're too politically incorrect to discuss Woods draws on real scholarship as opposed to the myths platitudes and slogans so many other history books are based on to ask and answer tough questions about American history including Did the Founding Fathers support immigration Was the Civil War all about slavery Did the Framers really look to the American Indians as the model for the U S political system Was the U S Constitution meant to be a living breathing document and does it grant the federal government wide latitude to operate as it pleases Did Bill Clinton actually stop a genocide as we're told You'd never know it from the history that's been handed down to us but the answer to all those questions is no Woods's eye opening exploration reveals how much has been whitewashed from the historical record overlooked and skewed beyond recognition More informative than your last U S history class 33 Questions About American History You're Not Supposed to Ask will have you wondering just how much about your nation's past you haven't been told **The Politically Incorrect Guide to Capitalism** Robert P.
