

Strongly recommend that you prepare a handwritten summary of this assignment.

Statistical concepts such as standard errors or confidence intervals are not taught before you learn properties of sampling distributions. In fact, it's important to first understand the sampling distribution of a sample mean before you can understand the standard error of the mean. In this assignment, you will learn about the sampling distribution of a sample mean and the standard error of the mean. You will also learn about the sampling distribution of a sample proportion and the standard error of the proportion.

### Assignment 2.1: Population and Sample Distributions of Means and Proportions
