McNab,2014-11-22 We are living in momentous days historically significant yet the world seems oblivious that the march of time and prophecy has brought us to the culmination of the fulfillment of the most spectacular portentous cosmic events since the Flood of Noah In chapter I St Peter confirms this culmination in fiery judgment on earth and a renewed heaven and earth thus proving that contrary to current teachings of science the invisible things of God are clearly seen being understood by the things that are made even His eternal power and Godhead so that they are without excuse Russia is very important and appears in Scripture in a dominant aggressive role Chapter II The European Union and areas of the Old Roman Empire are again in world prominence and the Antichrist will rule them as the Scriptures foretold Chapter III Persia Iran too is central in the prophecies The Arabs have historically been inimical to Israel as seen in Chapter IV The origin of Palestine is historically interesting Britain and America do play a role in Scripture the final Chapter VI should be informative and interesting to speakers of English *Prophetic Futures* Joseph Bowling,Katherine Walker,2023-01-10 This book is based on the postmedieval journal special issue Prophetic Futures It calls for renewed attention to prophecy and temporality challenging in the process critical lenses that adhere to strict dualities of medieval modern superstitious rationalized and other problematic dyads that occlude our understanding of vatic language The language texts and bodies of prophecy challenge commonplaces about a disenchanted modernity and point the way to new critical approaches to texts out of time Previously published in postmedieval Volume 10 issue 1 March 2019 When Time Shall Be No More Paul Boyer,1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood When Time Shall Be No More offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture *Encyclopedia of Protestantism* Hans J.
